DONHEAD PREPARATORY SCHOOL

Child Protection and Safeguarding Policy

Whole school including EYFS

Member of Staff Responsible: Kate Donaghy

Date Revised: September 24

Governing Committee Responsible: Safeguarding

Review Date: September 2024 signed off by Chair and Safeguarding Governor and subject to full ratification at Autumn Board of Governors meeting. Updated in line with KCSIE guidance 2024, effective from 1st September 2024.

Next Review Date: September 2025 (or if new guidelines are released).

Child Protection and Safeguarding Policy

1. Policy Aims

- To demonstrate the school's commitment for safeguarding and child protection to pupils, parents and other partners.
- To ensure all staff are aware of their statutory responsibilities with respect to safeguarding.
- To ensure all staff are properly trained in 3ecognize3d and reporting safeguarding issues.
- To enable the school to effectively contribute to Early Help, assessments of need and support for those children.
- To provide robust school systems and procedures that are followed by all members of the school community in cases of suspected abuse.
- To develop and promote effective working relationships with other agencies, in particular Early Help providers, the Police, Health and Social Care.
- To ensure that all staff working within our school have been checked as to their suitability, including verification of their identity, qualifications, and a satisfactory enhanced DBS check (according to KCSIE guidance), and a Single Central Record is kept for audit.

1.1 Policy Principles & Values

The welfare of the child is paramount.

Maintain an attitude of **"It could happen here"**.

Children have a right to feel safe and secure, they cannot learn effectively unless they do so.

All children have a right to be protected from harm and abuse.

All staff have a role in the prevention of harm and abuse and an equal responsibility to act immediately on any suspicion or disclosure that may indicate a child is at risk of harm, either in the school or in the community, taking into account risks outside of the home, in accordance with statutory guidance.

All staff are aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of school. All staff, but especially the DSLs will consider whether children are at risk of abuse or exploitation in situations outside of their families, 3ecognize3d that extra-familial harms include, but are not limited to, sexual exploitation, criminal exploitation, and serious youth violence.

We acknowledge that working in partnership with other agencies protects children and reduces risk and so we will engage in partnership working to protect and safeguard children.

Whilst the school will work openly with parents as far as possible, it reserves the right to contact Social Care or the police, without notifying parents if this is believed to be in the child's best interests.

1.2 Supporting Children

We 3ecognize that school may provide a safe place and the only stability in the lives of children who have been abused or who are at risk of harm. We 3ecognize that a child who is abused or witnesses abuse and/or violence may feel helpless and humiliated, may blame themselves, and find it difficult to develop and maintain a sense of self-worth. We accept that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.

Our school will support all children:

- We will promote a caring, safe and positive environment within the school.

- We will encourage self-esteem and self-assertiveness, through the curriculum and through positive relationships within the school community.
- We will ensure children are taught to understand and manage risk through Relationships and Sex Education (RSE) and through all aspects of school life. This includes online safety and anti-bullying, road safety, pedestrian and cycle training. As well as 4ecogni work in Year 6 to prepare for transition to Secondary school and more personal safety/independent travel.
- We will respond sympathetically to any requests for time out to deal with distress and anxiety.
- We will offer details of helplines, counselling or other avenues of external support.
- We will liaise and work in partnership with other support services and agencies involved in Early Help and the safeguarding of children.
- We will notify Social Care immediately if there is a significant concern.
- We will provide continuing support to a child about whom there have been concerns who leaves the school by ensuring that information is shared under confidential cover to the child's new setting within 5 days and ensure the school medical records are forwarded as a matter of priority.
- We will encourage the use of strategies to encourage children to share concerns as well as access to ELSA. Children know who they can talk to if they do not feel safe.
- We will reassure all children who are victims of abuse that they will be taken seriously and will be supported. They should never be made to feel ashamed or that they are creating a problem by reporting abuse, sexual violence, or sexual harassment.
- We will ensure that following any safeguarding concern the child's wishes and feelings are taken into account when determining what action to take and what services to provide.

1.3 Prevention / Protection

We 4ecognize that the school plays a significant part in the prevention of harm by providing children with good lines of communication with trusted adults, supportive friends and an ethos of protection.

The school will:

- Establish and maintain an ethos where children feel safe and secure, are encouraged to talk and are always listened to.
- Include regular consultation with children e.g. through questionnaires, participation in anti-bullying activities, asking children to report whether they have had happy/sad lunchtimes/playtimes
- Ensure that all children know there is and can access an adult in the school whom they can approach if they are worried or in difficulty.
- Include safeguarding across the curriculum, including opportunities which equip children with the skills they need to stay safe from harm and to know to whom they should turn for help.
- Ensure all staff are aware of school guidance for their use of mobile technology and have discussed safeguarding issues around the use of mobile technologies and their associated risks.
- Ensure all staff understand the expectations, applicable roles and responsibilities in relation to filtering and monitoring

1.4 Safe School, Safe Staff

We will ensure that:

- The school operates safer recruitment procedures that includes statutory checks on staff suitability to work with children. Disqualification under the Childcare Act 2006 still applies to staff themselves. All staff have a responsibility to inform the school where their relationships and associations, both within and outside of the workplace (including online), may have implications for the safeguarding of children in the school. An enhanced DBS check is carried out for all new employees, staff have a responsibility to inform the Headteacher if their circumstances change whilst employed at the school. This statement is in the Staff Behaviour Policy (Code of Conduct), which all staff have signed and agreed to adhere to.

- We will not accept a Curriculum Vitae (CV) unless alongside a full application form from anyone applying to work at this school. We will inform shortlisted candidates that online searches may be done as part of pre-recruitment checks, as stated in Keeping Children Safe in Education (KCSIE) 2024.
- All staff receive information about the school's safeguarding arrangements, the school's safeguarding statement, Staff Behaviour Policy (code of conduct), Child Protection and Safeguarding Policy, the role and names of the Designated Safeguarding Lead and their deputy(s), and 'Keeping Children Safe in Education' (KCSIE) 2024, part 1 and annex B. Part 2 of this guidance relates to "The Management of Safeguarding" and will be issued to all Governors. Any staff who do not directly work with children will be issued with Annex A of Keeping Children Safe in Education 2024.
- All staff receive safeguarding training at induction in line with advice from Merton Children's Safeguarding Partnership which is regularly updated and receive safeguarding updates (for example, via email, and staff meetings), as required, but at least annually. In addition, we deliver termly safeguarding update emails for all staff.
- All members of staff are trained in and receive regular updates in online safety which addresses the breadth of online safety issues as identified in KCSIE (2024); content, contact, conduct and commerce.
- All staff and governors have regular safeguarding awareness training, updated by the DSL as appropriate, to maintain their understanding of the signs and indicators of abuse.
- The Child Protection and Safeguarding Policy is made available via the school website. Hard copies of this policy can be viewed by request from the school office.
- We provide a coordinated offer of Early Help when additional needs of children are identified and contribute to early help arrangements and inter-agency working and plans.
- We will seek to ensure the suitability of adults working with children on school sites at any time and this includes any persons or organisations using our buildings or outside spaces in a letting or hiring agreement.
- Community users 5ecognize5 activities for children are aware of the school's Child Protection and Safeguarding Policy, guidelines and procedures.
- The name of the Designated Safeguarding Lead and deputy are clearly advertised in the school with a statement explaining the school's role in referring and monitoring cases of suspected harm and abuse.

2. Legislation and Statutory Guidance

This policy is based on the Department for Education's (DfE's) statutory guidance Keeping Children Safe in Education (2024) and Working Together to Safeguard Children (2023), the Maintained Schools Governance Guide and Academy Trust Governance Guide. We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners (see section 3). The policy also reflects statutory guidance from our Local Authority Merton Children's Safeguarding Partnership (MCSP) Procedures. This policy is also based on the Education and Training (Welfare of Children) Act 2021, which places a duty on all to safeguard and promote the welfare of pupils at Donhead.

The Governing body takes seriously its responsibility under section 175/157 of the Education Act 2002 to safeguard and promote the welfare of children; and to work together with other agencies to ensure adequate arrangements within our school to identify, assess, and support those children who are suffering harm.

This policy applies to all members of staff and governors in Donhead.

This policy is also based on the following legislation:

- Part 3 of the schedule to the Education (Independent School Standards) Regulations 2014, which places a duty on academies and independent schools to safeguard and promote the welfare of pupils at the school.
- Part 1 of the schedule to the Non-Maintained Special Schools (England) Regulations 2015, which places a duty on non-maintained special schools to safeguard and promote the welfare of pupils at the school
- The Children Act 1989 (and 2004 amendment), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the Serious Crime Act 2015, which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- Statutory guidance on FGM, which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- The Rehabilitation of Offenders Act 1974, which outlines when people with criminal convictions can work with children
- Schedule 4 of the Safeguarding Vulnerable Groups Act 2006, which defines what 'regulated activity' is in relation to children
- Statutory guidance on the Prevent duty, which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of terrorism and extremism
- The Human Rights Act 1998, which explains that being subjected to harassment, violence and/or abuse, including that of a sexual nature, may breach any or all of the rights which apply to individuals under the European Convention on Human Rights (ECHR)
- The Equality Act 2010, which makes it unlawful to discriminate against people regarding particular protected characteristics (including disability, sex, sexual orientation, gender reassignment and race). This means our governors and headteacher should carefully consider how they are supporting their pupils with regard to these characteristics. The Act allows our school to take positive action to deal with particular disadvantages affecting pupils (where we can show it's proportionate). This includes making reasonable adjustments for disabled pupils. For example, it could include taking positive action to support girls where there's evidence that they're being disproportionately subjected to sexual violence or harassment
- The Public Sector Equality Duty (PSED), which explains that we must have due regard to eliminating unlawful discrimination, harassment and victimisation. The PSED helps us to focus on key issues of concern and how to improve pupil outcomes. Some pupils may be more at risk of harm from issues such as sexual violence; homophobic, biphobic or transphobic bullying; or racial discrimination
- The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018 (referred to in this policy as the "2018 Childcare Disqualification Regulations") and Childcare Act 2006, which set out who is disqualified from working with children
- This policy also meets requirements relating to safeguarding and welfare in the statutory framework for the Early Years Foundation Stage

3. Definitions

- **Safeguarding and promoting the welfare of children** is defined as:
 - Providing help and support to meet the needs of children as soon as problems emerge
 - Protecting children from maltreatment whether that is within or outside the home, including online
 - Preventing impairment of children’s mental and physical health or development
 - Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
 - Taking action to enable all children to have the best outcomes
- **Child protection** is part of this definition and refers to activities undertaken to protect specific children who are suspected to be suffering, or likely to suffer, significant harm. This includes harm that occurs inside or outside the home, including online.
- **Abuse** is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.
- **Neglect** is a form of abuse and is the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development. Appendix 1 defines neglect in more detail.
- **Sharing of nudes and semi-nudes** (also known as sexting or youth-produced sexual imagery) is where children share nude or semi-nude images, videos or live streams. This also includes pseudo-images that are computer-generated images that otherwise appear to be a photograph or video.
- **Child** includes everyone under the age of 18 and applies to pupils/ students at our school; however the policy will extend to visiting children and students from other establishments.
- **Social Care** refers to Children’s Services in the area in which the child is resident, unless a child is a Child Looked After then this will be the Children’s Services in their home authority.
- The following 3 **safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:
 - The local authority (LA)
 - Integrated care boards (previously known as clinical commissioning groups) for an area within the LA
 - The chief officer of police for a police area in the LA area
- **Victim** is a widely understood and 7ecognize7 term, but we understand that not everyone who has been subjected to abuse considers themselves a victim, or would want to be described that way. When managing an incident, we will be prepared to use any term that the child involved feels most comfortable with.
- **Alleged perpetrator(s)** and **perpetrator(s)** are widely used and 7ecognize7 terms. However, we will think carefully about what terminology we use (especially in front of children) as, in some cases, abusive behaviour can be harmful to the perpetrator too. We will decide what’s appropriate and which terms to use on a case-by-case basis.

4. Equality Statement

Some children have an increased risk of abuse, both online and offline, and additional barriers can exist for some children with respect to recognizing or disclosing it. We are committed to anti-discriminatory practice and recognize children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs and/or disabilities (SEND) or health conditions (see section 10)
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language (EAL)
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of female genital mutilation (FGM), sexual exploitation, forced marriage, or
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after (see section 12)
- Are missing or absent from education for prolonged periods and/or repeat occasions
- Whose parent/carer has expressed an intention to remove them from school to be home educated

5. Key Personnel and Contacts

Designated Safeguarding Lead (DSL), Prevent Lead and Designated Teacher for Looked After Children: Kate Donaghy

Contact details: k.donaghy@donhead.org.uk

Tel: 0208 946 7000

The Chair of Governors: Jan Quant

Contact details: jan.quant@donhead.org.uk

Tel: 0208 946 7000

The Local Authority Designated Officer (LADO) is: Mr John Shelley

Contact details: John.Shelley@merton.gov.uk,

Tel: 020 8545 3187

In emergency, contact can be made with the following:

LONDON BOROUGH OF MERTON CHILDREN'S SERVICES referrals to [Children and Families Hub](#) (Previously MASH Multi-Agency Safeguarding Hub) can be made Monday to Friday, 9.00am to 5.00pm.

Tel: 020 8545 4226 or 020 8545 4227

Out of hours (after 5pm weekdays or on weekends): 020 8770 5000

Email: candfhub@merton.gov.uk

For **Radicalisation Disclosures** concerning a child contact The Children and Families Hub, using the above details and for an adult – Merton Safeguarding Adults Board (CSU) 020 8545 4388

Safer Merton contact details

Tel: 020 8545 4146

Email: safer.merton@merton.gov.uk

For non-police emergencies call 101 and in an emergency call 999 or 112.

6. Roles and Responsibilities

Safeguarding and child protection is **everyone's responsibility**. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

The school plays a crucial role in preventative education. This is in the context of a whole-school approach to preparing pupils for life in modern Britain, and a culture of zero tolerance of sexism, misogyny/misandry, homophobia, biphobia, transphobia and sexual violence/harassment. This will be underpinned by our:

- Behaviour policy
- Pastoral support system
- Planned programme of relationships, sex and health education (RSHE), which is inclusive and delivered regularly, tackling issues such as:
 - Healthy and respectful relationships
 - Boundaries and consent
 - Stereotyping, prejudice and equality
 - Body confidence and self-esteem
 - How to recognize an abusive relationship (including coercive and controlling behaviour)
 - The concepts of, and laws relating to, sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, so-called honour-based violence such as forced marriage and FGM and how to access support
 - What constitutes sexual harassment and sexual violence and why they're always unacceptable

6.1 All School Staff

All staff have a key role to play in identifying concerns and in providing help for children. To achieve this, **all staff will:**

- Read and understand part 1 and annex B of the Department for Education's statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually.
- Sign a declaration at the beginning of each academic year to say that they have reviewed the guidance.
- Reinforce the importance of online safety when communicating with parents and carers. This includes making parents and carers aware of what we ask children to do online (e.g. sites they need to visit or who they'll be interacting with online).
- Provide a safe environment in which children can learn and share their concerns.
- Plan opportunities within the curriculum for children to develop the skills they need to assess and manage risk appropriately and keep themselves safe.
- Attend training to be aware of, and alert to the signs of abuse.
- Maintain an attitude of "it could happen here" with regards to safeguarding.
- Know how to respond to a pupil who discloses or alleges harm or abuse following training of '[Working together to Safeguard Children](#)' (2023), and '[What to do if you are worried a child is being abused](#)' (2015).
- Report their concerns to the DSL immediately and on that day if they are worried a child is being abused and record their concerns on CPOMS. If the DSL is not contactable immediately, a Deputy DSL should be informed.
- Be prepared to refer directly to the Children and Families Hub and the police if there is a risk of significant harm and the DSL or their Deputy is not available.
- Follow the allegations procedures and inform the Headteacher if the disclosure is an allegation against a member of staff, supply staff or volunteer or is a low-level concern.
- Follow the procedures set out by the [Merton Children's Safeguarding Partnership](#) and take account of guidance issued by the Department for Education.
- Treat information with confidentiality but never promising to "keep a secret".
- Understand Early Help and be prepared to identify and support children who may benefit.
- Know who the DSL and Deputy DSL is and know how to contact them.
- Be mindful that the Teacher Standards states that teachers should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties.

- Assist the Governing Body and Headteacher in fulfilling their safeguarding responsibilities set out in legislation and statutory guidance.

All staff will be aware of:

- The role of the DSL, part 1 and annex B of Keeping Children Safe in Education 2024, the schools Child Protection & Safeguarding Policy, Staff Behaviour Policy (Code of Conduct), School Behaviour Policy, and procedures relating to the safeguarding response for children who are absent from education for prolonged periods and/or repeated occasions.
- The early help assessment process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment.
- Their professional responsibility to share information with other agencies in order to safeguard children and that the Data Protection Act 1998 and General Data Protection Regulations are not a barrier to sharing information where a failure to do so would place a child at risk of harm. There is a lawful basis for child protection concerns to be shared with agencies who have a statutory duty for child protection.
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals.
- All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing. However, staff are aware that matters relating to child protection and safeguarding are personal to children and families, in this respect they are confidential and the Headteacher or DSLs will only disclose information about a child to other members of staff on a need-to-know basis.
- How to manage the requirement to maintain an appropriate level of confidentiality. This means only involving those who need to be involved, such as the DSL (or a deputy) and children's social care.
- The signs of different types of abuse, neglect and exploitation, including domestic and sexual abuse (including controlling and coercive behaviour, as well as parental conflict that is frequent, intense, and unresolved), as well as specific safeguarding issues, such as child-on-child abuse, grooming, child sexual exploitation (CSE), child criminal exploitation (CCE), indicators of being at risk from or involved with serious violent crime, FGM, 11ecognize11d1111n and serious violence (including that linked to county lines).
- New and emerging threats, including online harm, grooming, sexual exploitation, criminal exploitation, 11ecognize11d1111n, and the role of technology and social media in presenting harm.
- The importance of reassuring victims that they are being taken seriously and that they will be supported and kept safe.
- The fact that children can be at risk of harm inside and outside of their home, at school and online.
- That a child and their family may be experiencing multiple needs at the same time.
- What to look for to identify children who need help or protection.

6.2 The Headteacher

In addition to the role and responsibilities of all staff, the Headteacher is responsible for the implementation of this policy and will ensure that:

- The Child Protection and Safeguarding Policy is communicated to parents and carers when their child joins the school and vis the school website.
- All staff are aware of who the DSL is and understand and follow the procedures included in this policy, particularly those concerning referrals of cases of suspected abuse and neglect.
- All staff are informed of our systems that support safeguarding, including this policy, as part of their induction.
- Sufficient time, training, support, funding, resources, is allocated to the DSL to carry out their role effectively, including the provision of advice and support to school staff on child welfare and child protection matters, to take part in strategy discussions/meetings and other inter-agency meetings and/or support other staff to do so; and to contribute to the assessment of children.
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate Provide opportunities for a co-ordinated offer of Early Help when additional needs of children are identified.

- Ensure Deputy DSLs are trained to the same standard as the DSL and the role is explicit in their job description.
- With the DSL, ensure adequate and appropriate cover arrangements are in place for any out of hours/out of term activities.
- All staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with the whistle-blowing procedures.
- Ensure that allegations or concerns against staff, supply staff or volunteers are dealt with in accordance with guidance from Department for Education (DfE) and Merton Children Safeguarding Partnership.
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate.
- Ensure that statutory requirements are met to make a referral to the Disclosure and Barring Service and additionally in the case of teaching staff the Teacher Regulation Agency where an individual has engaged in conduct that harmed (or is likely to harm) a child; or if the person otherwise poses a risk of harm to a child.
- Ensuring the relevant staffing ratios are met, where applicable.
- Making sure each child in the Early Years Foundation Stage is assigned a key person.
- Overseeing the safe use of technology, mobile phones and cameras in the setting.

6.3 The Designated Safeguarding Lead

The DSL is a member of the senior leadership team. Our DSL is Kate Donaghy. The DSL takes lead responsibility for child protection and wider safeguarding in the school. This includes online safety, and understanding our filtering and monitoring processes on school devices and school networks to keep pupils safe online.

When the DSL is absent, the deputy DSL – Shaun Anglim – will act as cover.

If the DSL and DDSL are not available, Catherine Hitchcock, the Headteacher or Niamh Canavan, Assistant Headteacher will act as cover.

In addition to the role and responsibilities of all staff, the DSL will:

- Holds the lead responsibility for safeguarding and child protection (including online safety) in the school, this responsibility is not able to be delegated.
- Provide advice and support to other staff on child welfare and child protection matters.
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so.
- Contribute to the assessment of children.
- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly.
- Have a good understanding of harmful sexual behaviour.
- Have a good understanding of the filtering and monitoring systems and processes in place at our school.
- Make sure that staff have appropriate Prevent training and induction.
- Act as a lead practitioner for the local authority.

The DSL will also:

- Keep the headteacher informed of any issues.
- Liaise with local authority case managers and designated officers for child protection concerns as appropriate.
- Discuss the local response to sexual violence and sexual harassment with police and local authority children's social care colleagues to prepare the school's policies.
- Be confident that they know what local specialist support is available to support all children involved (including victims and alleged perpetrators) in sexual violence and sexual harassment, and be confident as to how to access this support .
- Be aware that children must have an 'appropriate adult' to support and help them in the case of a police investigation or search.

- Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, and in any measures the school or college may put in place to protect them.
- Report concerns that a child may be at risk of 13ecognize13d1313n or involvement in terrorism, following the Prevent Referral Process and use the Prevent Referral Form to refer cases by email. If the matter is urgent, the Police must be contacted by dialling 999. In cases where further advice from the Police is sought, dial 101. The Department of Education has also set up a dedicated telephone helpline for staff and governors to raise concerns around Prevent (020 7340 7264).
- Follow DfE and KCSIE 2024 guidance on 'Child on child Abuse' when a concern is raised that there is an allegation of a pupil abusing another pupil within the school.
- Be available during term time (during school hours) for staff in school to discuss any safeguarding concerns. Appropriate and adequate cover arrangements will be arranged by the DSL and the school leadership for any out of hours/term activities.
- Act as a source of support and expertise in carrying out safeguarding duties for the whole school community.
- Access training and support to ensure they have the knowledge and skills required to carry out the role. DSL training should be updated at least every two years and knowledge and skills refreshed at regular intervals but at least annually.
- Have a secure working knowledge of Merton Children's Safeguarding Partnership procedures and understand the assessment process for providing Early Help and statutory intervention, including the local authority levels of need criteria and referral arrangements. Have a clear understanding of access and referral to the Merton Early Help offer.
- Liaise with school staff (especially pastoral support, behaviour leads, school health colleagues and the SENDCo) on matters of safety and safeguarding and consult the MCSP Levels of Need document to inform decision making and liaison with relevant agencies.
- Be alert to the specific needs of children in need, those with SEND and young carers.
- Understand the filtering and monitoring systems and processes in place.
- Keep detailed, accurate records (either written or using appropriate secure online software), that includes all concerns about a child even if there is no need to make an immediate referral and the rationale for decisions made and action taken. Records also require a clear and comprehensive summary and details on how the concern was followed up and resolved.
- Ensure that an indication of the existence of a Child Protection file is cross referenced on the pupil school file.
- Ensure that when a pupil transfers school, their child protection file is passed to the new school within 5 days of starting a new term, and within statutory timescales (separately from the main pupil file and ensuring secure transit) and that confirmation of receipt is received.
- Ensure that where a pupil transfers school and is on a Child Protection Plan or is a Looked After Child, their information is passed to the new school immediately, and that the child's social worker is informed. In addition, consideration should be given to a multi-agency schools transition meeting if the case is complex or on-going.
- Ensure that a copy of the Child Protection file is retained until such a time that the new school acknowledges receipt of the original file. The copy should then be securely destroyed.
- Work with the DSL team, Local Authority and Social Care Teams to make informed decisions in the best interests of the child, for instance the child's safety, educational outcomes and welfare. This should be a matter of routine. Furthermore, the social worker and the DSL need to work together to respond to 13ecognize13d13 absences and promote welfare.
- Ensure that the school will be included in statutory discussions in cases of child on child abuse.
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and SLT to ensure that relevant members of staff, know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that children in this group might face and the additional academic support and adjustments that they could make to best support these children.

- This should include being aware of the requirement for children to have an Appropriate Adult. Guidance – Police and Criminal Evidence Act 1984 Code C revised 2019 – Code of Practice for the detention, treatment and questioning of persons by Police Officers.
- Ensure that the case holding Social Worker is informed of any child currently with a Child Protection Plan who is absent without explanation.
- Ensure that all staff, within 3 months of employment at Donhead and updated once a year thereafter, sign to say they have read, understood and agree to work within the school’s Child Protection Policy, Staff Behaviour Policy (code of conduct), School Behaviour Policy and Keeping Children Safe in Education 2023 (KCSIE) Part 1 and annex B and ensure that the policies are used effectively.
- Organise child protection and safeguarding induction, regularly updated training, following the training guidance published by the London Borough of Merton, Safeguarding in Schools Officer, and a minimum of annual updates (including online safety) for all school staff, keep a record of attendance and address any absences.
- Ensure that in collaboration with the school leadership and governors, the Child Protection Policy is reviewed annually, and the procedures and implementation are updated and reviewed regularly.
- Ensure that the Child Protection Policy is available publicly and that parents are aware that referrals about suspected harm and abuse will be made and the role of the school in this.
- Establish and maintain links with the three safeguarding partners to make sure staff are aware of training opportunities and the latest policies on local safeguarding arrangements.
- Will ensure that the name of the designated members of staff for Child Protection, the Designated Safeguarding Lead and deputies, are clearly advertised in the school, with a statement explaining the school’s role in referring and monitoring cases of suspected abuse.
- Ensure that the Single Central Record is compliant with Keeping Children Safe in Education 2024.
- Meet all other responsibilities as set out for DSLs in Keeping Children Safe in Education 2024.

6.4 The Deputy Designated Safeguarding Leads

In addition to the role and responsibilities of all staff each Deputy DSL – Shaun Anglim – will:

- Be trained to the same standard as the Designated Safeguarding Lead and the role is explicit in their job description.
- Provide support and capacity to the DSL in carrying out delegated activities of the DSL; however, the lead responsibility of the DSL cannot be delegated.
- In the absence of the DSL, carries out the activities necessary to ensure the ongoing safety and protection of children. In the event of the long-term absence of the DSL the deputy will assume all the functions above.

6.5 The Governing Body

All members of The Governing Body understand and fulfil their responsibilities to ensure that:

- Facilitate a whole-school approach to safeguarding, ensuring that safeguarding and child protection are at the forefront of, and underpin, all relevant aspects of process and policy development.
- Evaluate and approve this policy at each review, ensuring it complies with the law, and hold the headteacher to account for its implementation.
- Be aware of its obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), and our school’s local multi-agency safeguarding arrangements.
- Appoint a Safeguarding Governor – David Doran – to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL.
- Ensure all staff undergo safeguarding and child protection training, including online safety, and that such training is regularly updated and is in line with advice from the safeguarding partners.
- Ensure that the school has appropriate filtering and monitoring systems in place, and review their effectiveness.

This includes:

- Making sure that the leadership team and staff are aware of the provisions in place, and that they understand their expectations, roles and responsibilities around filtering and monitoring as part of safeguarding training.

- Reviewing the DfE’s filtering and monitoring standards, and discussing with IT staff and service providers what needs to be done to support the school in meeting these standards.
- Make sure:
 - The DSL has the appropriate status and authority to carry out their job, including additional time, funding, training, resources and support.
 - Online safety is a running and interrelated theme within the whole-school approach to safeguarding and related policies.
 - The DSL has lead authority for safeguarding, including online safety and understanding the filtering and monitoring systems and processes in place.
 - The school has procedures to manage any safeguarding concerns (no matter how small) or allegations that do not meet the harm threshold (low-level concerns) about staff members (including supply staff, volunteers and contractors). Appendix 3 of this policy covers this procedure.
 - That this policy reflects that children with SEND, or certain medical or physical health conditions, can face additional barriers to any abuse or neglect being 15ecognize15.
- Where another body is providing services or activities (regardless of whether or not the children who attend these services/activities are children on the school roll):
 - Seek assurance that the other body has appropriate safeguarding and child protection policies/procedures in place, and inspect them if needed.
 - Make sure there are arrangements for the body to liaise with the school about safeguarding arrangements, where appropriate.
 - Make sure that safeguarding requirements are a condition of using the school premises, and that any agreement to use the premises would be terminated if the other body fails to comply.
- The chair of governors will act as the ‘case manager’ in the event that an allegation of abuse is made against the headteacher, where appropriate.
- The school has effective safeguarding policies and procedures including a Child Protection and Safeguarding Policy, a Staff Behaviour Policy or Code of Conduct, a Behaviour Policy and a response to children who are absent from education for prolonged periods and/or repeated occasions. Ensure policies are consistent with Merton Children’s Safeguarding Partnership and statutory requirements, are reviewed annually and that the Child Protection policy is available on the school website.
- Appropriate online filtering and monitoring systems are in place. Governors will ensure that the Senior Leadership Team and relevant staff are aware of the systems, manage them effectively and know how to escalate concerns when identified. DSL and IT Technician meet on a regular basis to check that monitoring and filtering is being carried out effectively.
- The school is aware that ISI inspections will always report on whether arrangements for safeguarding children and learners are effective.
- The school will comply with The Human Rights Act 1998 setting out the fundamental rights and freedoms that everyone in the United Kingdom is entitled to. It is unlawful for schools to act in a way that is incompatible with the European Convention on Human Rights, specifically:
 1. Article 3: the right to freedom from inhuman and degrading treatment (an absolute right)
 2. Article 8: the right to respect for private and family life (a qualified right) includes a duty to protect individuals’ physical and psychological integrity
 3. Article 14: requires that all of the rights and freedoms set out in the Act must be protected and applied without discrimination,
 4. Article 2: protects the right to education.
- The school will contravene the Equality Act 2010 by discriminating against pupils because of their sex, race, disability, religion or belief, gender reassignment, pregnancy and maternity, or sexual orientation (protected characteristics).
- All governors will read Keeping Children Safe in Education in its entirety.

6.6 Multi-agency Working

Donhead School has a pivotal role to play in multi-agency safeguarding arrangements. The Governing Body, SLT and DSLs need to ensure that the school contributes to multi-agency working in line with statutory guidance Working Together to Safeguard Children 2023. New safeguarding partnerships and child death partner arrangements are now in place. Agencies will work together to safeguard and promote the welfare of children, including identifying and responding to their needs.

We will ensure that we will fully contribute to all social care assessments concerning students/ pupils at this school.

7. Confidentiality and Sharing Information

All matters relating to child protection will be treated as confidential and only shared as per the 'Information Sharing Advice for Practitioners' (DfE 2018) guidance and The Data Protection Act (DPA) 2018.

Information will be shared with staff within the school who 'need to know'.

All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children and that the Data Protection Act 2018 and General Data Protection Regulations are not a barrier to sharing information where a failure to do so would place a child at risk of harm. There is a lawful basis for safeguarding concerns to be shared with agencies who have a statutory duty for child protection.

All staff must also be aware of the provisions in the school's current Data Protection and Subject Access Request Policy.

All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing. However, staff are aware that matters relating to child protection and safeguarding are personal to children and families and in this respect are confidential and the Headteacher or DSLs will only disclose information about a child to other members of staff on a need-to-know basis.

If a victim asks the school not to tell anyone about the sexual violence or sexual harassment:

- There's no definitive answer, because even if a victim doesn't consent to sharing information, staff may still lawfully share it if there's another legal basis under the UK GDPR that applies.
- The DSL will have to balance the victim's wishes against their duty to protect the victim and other children .
- The DSL should consider that:
 - Parents or carers should normally be informed (unless this would put the victim at greater risk)
 - The basic safeguarding principle is: if a child is at risk of harm, is in immediate danger, or has been harmed, a referral should be made to local authority children's social care
 - Rape, assault by penetration and sexual assault are crimes. Where a report of rape, assault by penetration or sexual assault is made, this should be referred to the police. While the age of criminal responsibility is 10, if the alleged perpetrator is under 10, the starting principle of referring to the police remains

Regarding anonymity, all staff will:

- Be aware of anonymity, witness support and the criminal process in general where an allegation of sexual violence or sexual harassment is progressing through the criminal justice system
- Do all they reasonably can to protect the anonymity of any children involved in any report of sexual violence or sexual harassment – for example, carefully considering which staff should know about the report, and any support for children involved
- Consider the potential impact of social media in facilitating the spreading of rumours and exposing victims' identities

All staff will always undertake to share our intention to refer a child to Social Care with their parents /carers consent unless to do so could put the child at greater risk of harm or impede a criminal investigation

8. Child Protection Procedures

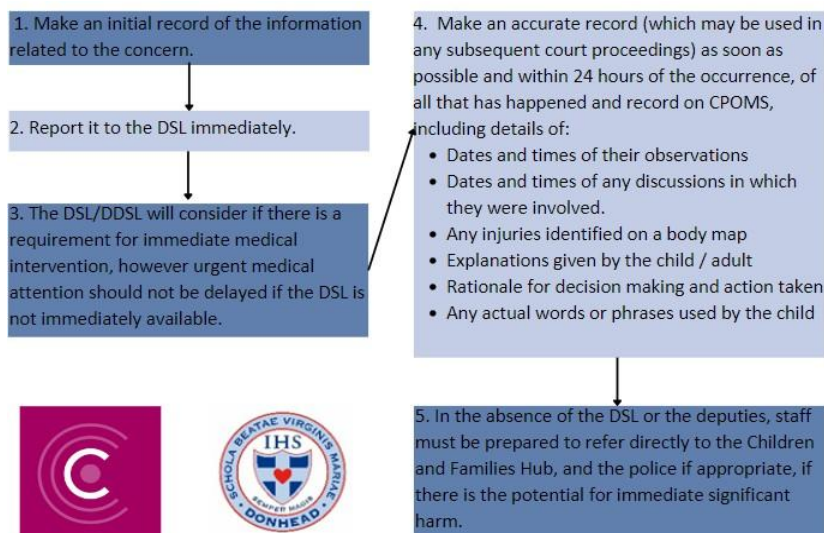

The following procedures apply to all staff working in the school and will be covered by training to enable staff to understand their role and responsibility. The aim of our procedures is to provide a robust framework which enables staff to take appropriate action when they are concerned that a child is being harmed or abused or is at risk of harm or abuse.

The primary concern at all stages must be the interests and safety of the child. Where there is a conflict of interest between the child and an adult, the interests of the child must be paramount.

All staff are expected to be able to identify and recognize all forms of abuse, neglect and exploitation and shall be alert to the potential need for early help for a child who:

- Is disabled
- Has special educational needs (whether or not they have a statutory education health and care (EHC) plan)
- Is a young carer
- Is bereaved
- Is showing signs of being drawn into anti-social or criminal behaviour, including being affected by gangs and county lines and recognize crime groups and/or serious violence, including knife crime
- Is frequently missing/goes missing from education, care or home
- Is at risk of modern slavery, trafficking, sexual and/or criminal exploitation
- Is at risk of being recognized or exploited
- Is viewing problematic and/or inappropriate online content (for example, linked to violence), or developing inappropriate relationships online
- Is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
- Is misusing drugs or alcohol
- Is suffering from mental ill health
- Has returned home to their family from care
- Is at risk of so-called 'honour'-based abuse such as female genital mutilation (FGM) or forced marriage
- Is a privately fostered child
- Has a parent or carer in custody or is affected by parental offending
- Is missing education, or persistently absent from school, or not in receipt of full-time education
- Has experienced multiple suspensions and is at risk of, or has been permanently excluded

If a member of staff suspects abuse, spots signs or indicators of abuse, or they have a disclosure of abuse made to them they must:

Following a report of concerns the DSL must:

1. Decide whether there are sufficient grounds for suspecting significant harm, in which case a referral must be made to the Children and Families Hub and the police if it is appropriate.
2. Try to discuss any concerns about a child's welfare with the family and where possible to seek their agreement before making a referral to the Children and Families Hub. However, this should only be done when it will not place the child at increased risk or could impact a police investigation. The child's views should also be considered.
3. Contact the Children and Families Hub if there are grounds to suspect a child is suffering, or is likely to suffer, significant harm or abuse. If a child is in immediate danger and urgent protective action is required, the Police (dial 999) must be called. The DSL must also notify Children and Families Hub of the occurrence and what action has been taken.
4. Phone the Children and Families Hub to discuss concerns if the DSL feels unsure about whether a referral is necessary,

If there is not a risk of significant harm, the DSL will either actively monitor the situation or consider Early Help.

When a pupil needs urgent medical attention and there is suspicion of abuse the DSL or their Deputy should take the child to the accident and emergency unit at the nearest hospital, having first notified the Children and Families Hub. The DSL should seek advice about what action the Children and Families Hub will take and about informing the parents, remembering that parents should normally be informed that a child requires urgent hospital attention. We follow the procedures outlined: <https://www.gov.uk/report-child-abuse-to-local-council>.

The exception to this process will be in those cases of known FGM where there is a mandatory requirement for the teacher to report directly to the police. The DSL should also be made aware.

9. Dealing with disclosures

9.1 All staff

A member of staff who is approached by a child should listen positively and try to reassure them. They cannot promise complete confidentiality and should explain that they may need to pass information to other professionals to help keep the child or other children safe. The degree of confidentiality should always be governed by the need to protect the child.

Additional consideration needs to be given to children with communication difficulties and for those whose preferred language is not English. It is important to communicate with them in a way that is appropriate to their age, understanding and preference.

We are aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and they may not recognize their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened.

This could be due to their vulnerability, disability and/or sexual orientation or language barriers. This will not prevent us from having a professional curiosity and speaking to the DSL if we have concerns about a child. It is also important that we determine how best to build trusted relationships with children and young people which facilitate communication.

All staff must know who the DSL is and who to approach if the DSL is unavailable. All staff have the right to make a referral to the Children and Families Hub or Police directly and must do this if, for whatever reason, there are difficulties following the agreed protocol, for example, they are the only adult on the school premises at the time and have concerns about sending a child home.

Talking to and listening to children

If a child chooses to disclose, you **SHOULD**:

- Listen and reassure
- be accessible and receptive
- listen carefully and uncritically at the child's pace
- take what is said seriously
- tell the child that you must pass this information on
- explain what will happen next
- make a careful record of what was said in the child's words
- sign, date and record the time on records

You should **NEVER**:

- take photographs of injuries
- examine marks/ injuries solely to assess whether they may have been caused by abuse (there may be a need to give appropriate first aid)
- investigate or probe, aiming to prove or disprove possible abuse – never ask leading questions
- make promises to children about confidentiality or keeping 'secrets'
- assume that someone else will take the necessary action
- jump to conclusions or react with shock, anger or horror
- speculate or accuse anybody
- confront another person (adult or child) allegedly involved
- offer opinions about what is being said or about people allegedly involved
- forget to record what you have been told
- delay or fail to pass the information on to the correct person
- ask a child to sign a written copy of the disclosure or a 'statement'.

For children with communication difficulties or who use alternative/augmented communication systems, staff may need to take extra care to ensure that signs of abuse and neglect are identified and interpreted correctly, but concerns should be reported in exactly the same manner as for other children.

9.2 Guiding principles, the seven Rs

1. Receive

- Listen to what is being said, without displaying shock or disbelief
- Accept what is said and take it seriously
- Make a note of what has been said as soon as practicable

2. Reassure

- Reassure the pupil, but only so far as is honest and reliable
- Do not make promises you may not be able to keep e.g. 'I'll stay with you' or 'everything will be alright now' or 'I'll keep this confidential'
- Do reassure, for example, you could say: 'I believe you', 'I am glad you came to me', 'I am sorry this has happened', 'We are going to do something together to get help'

3. Respond

- Respond to the pupil only as far as is necessary for you to establish whether you need to refer this matter, but do not interrogate for full details
- Do not ask 'leading' questions i.e. 'did he touch your private parts?' or 'did she hurt you?' Such questions may invalidate your evidence (and the child's) in any later prosecution in court
- Do not ask the child why something has happened.
- Do not criticize the alleged perpetrator; the pupil may care about him/her, and reconciliation may be possible

- Do not ask the pupil to repeat it all for another member of staff. Explain what you must do next and whom you have to talk to. Reassure the pupil that it will be a senior member of staff

4. Report

- Share concerns with the DSL immediately.
- If you are not able to contact your DSL or the Deputy DSL, and the child is at risk of immediate harm, contact the Children and Families Hub or Police, as appropriate directly.
- If you are dissatisfied with the level of response you receive following your concerns, you should press the DSL for re-consideration

5. Record

- If possible, make some very brief notes at the time, and write them up as soon as possible. The original notes need to be kept secure and included in the Child Protection file
- Record the date, time, place, person or people present and noticeable nonverbal behaviour, and the words used by the child. If the child uses sexual 'pet' words, record the actual words used, rather than translating them into 'proper' words
- If appropriate, complete a body map to indicate the position of any noticeable bruising.
- Record facts and observable things, rather than your 'interpretations' or 'assumptions'

6. Remember

- Support the child: listen, reassure, and be available
- Complete confidentiality is essential. Share your knowledge only with appropriate professional colleagues
- Get some support for yourself if you need it

7. Review (led by DSL)

- Has the action taken provided good outcomes for the child?
- Did the procedure work?
- Were any deficiencies or weaknesses identified in the procedure? Have these been remedied?
- Is further training required?

8. What happens next?

It is important that concerns are followed up and it is everyone's responsibility to ensure that they are. The member of staff should be informed by the DSL what has happened following a report being made. If they do not receive this information, they should seek it out. Ensure the incident is recorded.

Receiving a disclosure can be upsetting for the member of staff and schools should have a procedure for supporting them after the disclosure. This might include reassurance that they have followed procedure correctly and that their swift actions will enable the allegations to be handled appropriately.

In some cases, additional counselling might be needed, and staff should be encouraged to recognize that disclosures can have an impact on their own emotions.

9.3 If you discover that FGM has taken place or a pupil is at risk of FGM

Keeping Children Safe in Education 2024 explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4 of this policy.

Any teacher who either:

- Is informed by a girl under 18 that an act of FGM has been carried out on her; or
- Observes physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth

Must immediately report this to the police, personally. This is a mandatory statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve local authority children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

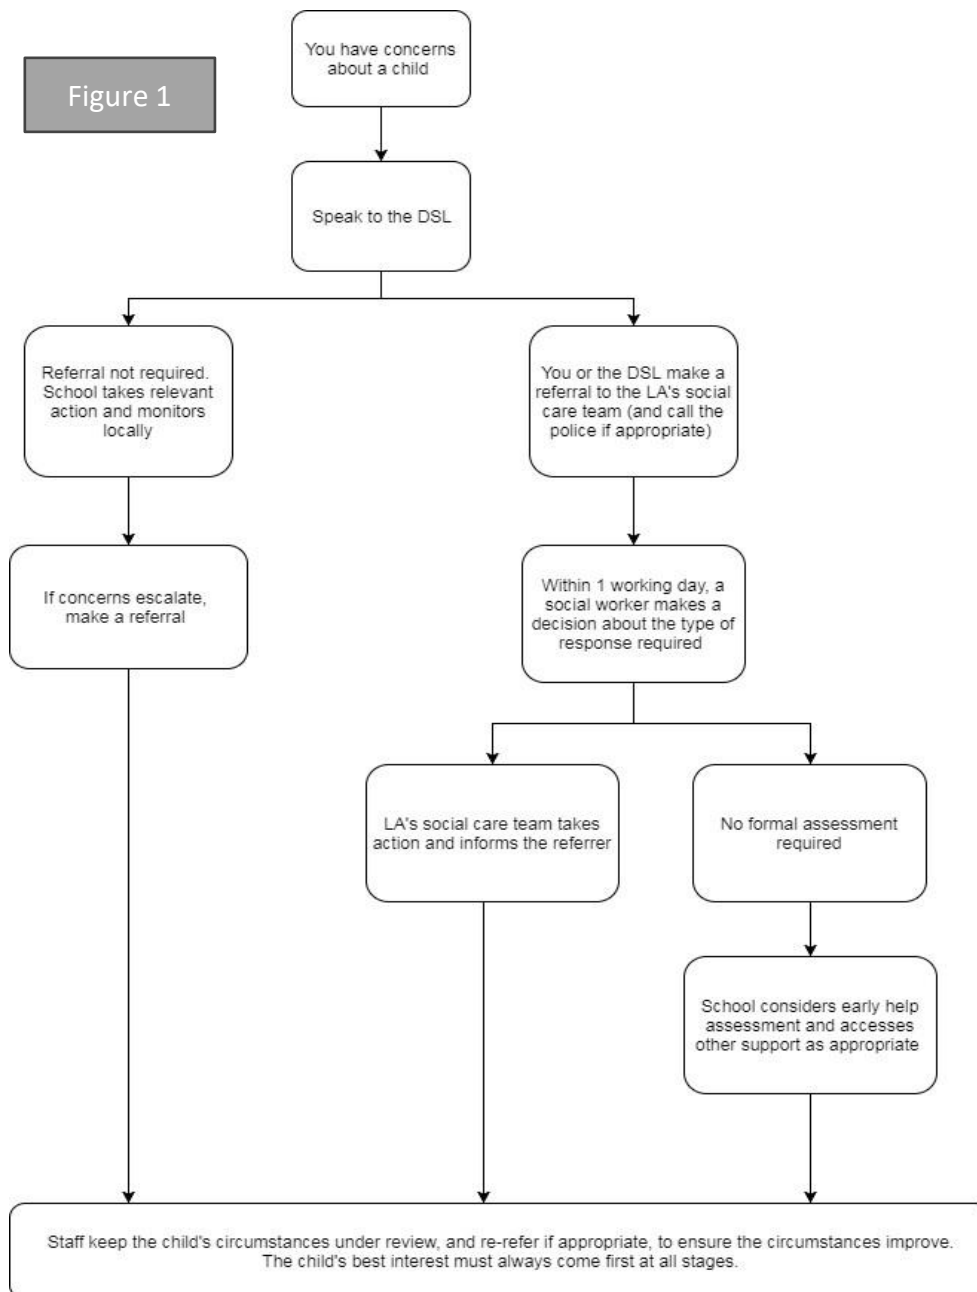

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out [if relevant, insert: or discovers that a pupil **aged 18 or over** appears to have been a victim of FGM] should speak to the DSL and follow our local safeguarding procedures.

9.4 If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or is in immediate danger)

Figure 1 below, illustrates the procedure to follow if you have any concerns about a child's welfare. Where possible, speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or take advice from local authority children's social care. You can also seek advice at any time from the NSPCC helpline on 0808 800 5000. Share details of any actions you take with the DSL as soon as practically possible.

Make a referral to local authority children's social care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

9.5 Early help assessment

If an early help assessment is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

We will discuss and agree, with statutory safeguarding partners, levels for the different types of assessment, as part of local arrangements.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

9.6 Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so.

If you make a referral directly to The Merton Children and Families Hub, you must tell the DSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves. Add details of your local procedures for referral and escalation.

9.7 If you have concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from The Merton Children and Families Hub. Make a referral to local authority children's social care directly, if appropriate. Inform the DSL or deputy as soon as practically possible after the referral.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include the police or Channel, the government's programme for identifying and supporting individuals at risk of becoming involved with or supporting terrorism, or the local authority children's social care team.

The DfE also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

9. 8 If you have a concern about mental health

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.

If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps in Figure 1 (above).

If you have a mental health concern that is **not** also a safeguarding concern, speak to the DSL to agree a course of action.

9.8 If you have a concerns about discrimination or racism

Staff at Donhead play a crucial role in and are legally bound to foster a safe and inclusive environment where pupils feel respected and valued, regardless of their race, religion, or ethnicity.

Handling conversations about racism and preventing racist bullying at Donhead is an ongoing process that requires commitment from all staff. By creating a supportive environment, educating pupils, and taking decisive action against racism, schools can play a pivotal role in shaping a more inclusive society.

In order to foster a supportive environment for conversations:

- **Acknowledge the events:** Begin by acknowledging that the riots happened and that pupils might be affected by them. This can be done through JPP and RHE time, using the Picture News resources and linking to the Fundamental British Values.
- **Listen:** Listen to all pupils about issues that are affecting their lives.
- **Encourage open and respectful dialogue:** Be approachable and maintain a non-judgmental attitude. Encourage an environment where pupils feel comfortable expressing their thoughts and feelings. Make it clear that all opinions are welcome, but hateful, discriminatory, or racist language will not be tolerated. Emphasise the importance of fostering a school environment where everyone feels included and free from bullying, and that it is possible to disagree respectfully without resorting to disrespect or discrimination.
- **Be prepared:** Ensure you are informed about the events and understand their context. This will help you facilitate discussions more effectively and answer pupils' questions with confidence.
- **Use age-appropriate language:** Tailor the conversation to the age and maturity level of the pupils. Younger pupils may need simpler explanations, while older pupils might engage in more complex discussions.
- **Reassure pupils:** Avoid increasing their fears or causing unnecessary worry about the situation. Remind pupils that they are welcome and belong at your school. Explain that it is their right to be safe at school.

In order to promote respect and understanding:

- **Encourage children to Choose Respect:** You can use our upcoming free Anti-Bullying Week school resources to help begin discussions about how we can Choose Respect over bullying and how we can disagree without resorting to personal attacks and discrimination.
- **Educate about racism:** Incorporate lessons about the history and impact of racism and Islamophobia. Use resources that highlight and celebrate the diversity of our society. At Donhead, we show Racism the Red Card.
- **Challenge stereotypes:** Actively challenge racial and religious stereotypes when they arise in conversations or in the curriculum. Be aware if any pupils may be at risk of radicalisation and seek support for those pupils.
- **Encourage critical thinking:** Encourage pupils to think critically about the information they receive, particularly online. When appropriate for their age, discuss the concepts of misinformation and disinformation.
- **Celebrate diversity:** Organise events and activities that celebrate how we are all different and all welcome.

When responding to racist or discriminatory incidents:

- **Immediate action:** If a racist incident occurs, it is addressed immediately. We take the time to speak to the pupils involved, understand the situation, and make it clear that racism is unacceptable. The incident is discussed with parents.
- **Support the target(s):** Support is offered to pupils who have experienced or witnessed racism. This could include counselling, peer support, or simply a trusted adult to talk to.
- **Follow school policies:** Ensure that all staff are familiar with the school's anti-bullying and behaviour policies, which should include specific measures for dealing with racist incidents.
- **Document and report:** Record all incidents of racism and report them on CPOMS.

9.10 Responding to reports of Sexual Violence and Sexual Harassment

- Children making a report of sexual violence or sexual harassment will be taken seriously, kept safe and be well supported.

- In some cases children will find it difficult to tell staff about the abuse so it may come via a third party. Children should never be given the impression that they are creating a problem by reporting sexual abuse or harassment.
- We will carefully listen to the child, being non-judgemental.
- Staff taking the report will inform the DSL or a Deputy DSLs immediately.
- Staff taking a report will never promise confidentiality.
- Parents or carers should usually be informed (unless this would put the child at greater risk).
- If a child is at risk of harm, is in immediate danger, or has been harmed, a referral will be made to the Children and Families Hub.

Action: The DSL will consider: -

- The wishes of the victim.
- The nature of the incident including whether a crime has been committed and the harm caused.
- Ages of the children involved.
- Developmental stages of the children.
- Any power imbalance between the children.
- Any previous incidents.
- Ongoing risks.
- Other related issues or wider context.

Options:

- Manage internally
- Early Help intervention
- Refer to the Children and Families Hub
- Report to the police all cases of sexual violence (generally in parallel with a referral to the Children and Families Hub)

Risk Assessment:

Following a report, the DSL will make an immediate risk and needs assessment on a case-by-case basis.

The risk assessment will consider:

- The victim, especially their protection and support.
- The alleged perpetrator, their support needs and any discipline action.
- All other children at the school.
- The victim and the alleged perpetrator sharing classes and space at school.
- The risk assessment will be recorded and kept under review.

Where there has been other professional intervention and/or other specialist risk assessments, these professional assessments will be used to inform the school's approach to supporting and protecting pupils.

Support regarding risk assessments can be accessed from MSCP - [Merton Safeguarding Children Partnership](#)

Ongoing Response:

The DSL will manage each case individually and will ensure the risk assessment is reviewed regularly with relevant partner agencies, for example the Police and Merton Children's Services.

Where there is a criminal investigation into a rape, assault by penetration or sexual assault, the alleged perpetrator should be removed from any classes they share with the victim.

The DSL will consider how best to keep the victim and perpetrator a reasonable distance apart on school premises and on transport where appropriate.

Where a criminal investigation into a rape or assault by penetration leads to a conviction or caution, the school will take suitable action. In all but the most exceptional of circumstances, the rape or assault is likely to constitute a serious breach of discipline and may lead to the view that allowing the perpetrator to remain in the same school or college would seriously harm the education or welfare of the victim (and potentially themselves and other pupils).

We will reassure children that the law is in place to protect rather than to criminalise them.

Where a criminal investigation into sexual assault leads to a conviction or caution, the school or college will, if it has not already, consider any suitable sanctions considering their behaviour policy, which may include consideration of permanent exclusion. Where the perpetrator is going to remain at the school or college, the Headteacher should continue keeping the victim and perpetrator in separate classes and continue to consider the most appropriate way to manage potential contact on school and college premises and transport. The nature of the conviction or caution and wishes of the victim will be especially important in determining how to proceed in such cases.

The victim, alleged perpetrator and any other affected children & adults will receive appropriate support and safeguards on a case-by-case basis.

The school will take any disciplinary action against the alleged perpetrator in accordance with the school behaviour policy.

The school recognises that taking disciplinary action and providing appropriate support are not mutually exclusive actions and will occur at the same time if necessary.

9.11 Harmful Sexual Behaviour

Children's sexual behaviour exists on a wide continuum, from normal and developmentally expected to inappropriate, problematic, abusive and violent. Problematic, abusive and violent sexual behaviour is developmentally inappropriate and may cause developmental damage. A useful umbrella term is "harmful sexual behaviour" (HSB). The term has been widely adopted in child protection and is used in Keeping Children Safe in Education 2023. HSB can occur online and/or face to face and can also occur simultaneously between the two. HSB should be considered in a child protection context.

Sexual behaviour between children will be considered harmful if one of the children is much older if there is more than 2 years difference in age or one child is in puberty and the other is not. A younger child can abuse an older child, particularly if one has power over the other, for example, with a disability or Special Educational Needs.

Children displaying HSB have often experienced their own abuse and trauma. It is important that they are offered appropriate support.

9.12 Concerns about a staff member, supply teacher, volunteer or contractor

If you have concerns about a member of staff (including a supply teacher, volunteer or contractor), or an allegation is made about a member of staff (including a supply teacher, volunteer or contractor) posing a risk of harm to children, speak to the headteacher as soon as possible. If the concerns/allegations are about the headteacher, speak to the chair of governors.

The headteacher/chair of governors will then follow the procedures set out in appendix 2, if appropriate.

If you have concerns about a member of staff (including a supply teacher, volunteer or contractor), or an allegation is made about a member of staff (including a supply teacher, volunteer or contractor) posing a risk of harm to children, speak to the headteacher as soon as possible. If the concerns/allegations are about the headteacher.

The headteacher will then follow the procedures set out in appendix 2, if appropriate.

Where you believe there is a conflict of interest in reporting a concern or allegation about a member of staff (including a supply teacher, volunteer or contractor) to the headteacher, report it directly to the local authority designated officer (LADO).

If you receive an allegation relating to an incident where an individual or organisation was using the school premises for running an activity for children, follow our school safeguarding policies and procedures, informing the LADO, as you would with any safeguarding allegation.

Where appropriate, the school will inform Ofsted of the allegation and actions taken, within the necessary timescale (see appendix 2 for more detail).

Procedure

Section 1 deals with allegations against staff which meets the threshold of being investigated by the Local Authority Designated Officer (LADO).

This procedure must be used in all cases in which it is alleged a member of staff, supply staff or volunteer in a school, or another adult – including any incidents occurring when an individual or organisation uses a school's premises - who works with children has:

- *behaved in a way that has harmed a child or may have harmed a child.*
- *possibly committed a criminal offence against or related to a child.*
- *behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children;*
- *behaved or may have behaved in a way that indicates they may not be suitable to work with children.*

In dealing with allegations or concerns against an adult, staff must:

- 9.12.1 Report any concerns about the conduct of any member of staff, supply staff, volunteers or individuals using the school's premises to the Headteacher immediately.
- 9.12.2 If an allegation is made against the Headteacher, the concerns need to be raised with the Chair of Governors as soon as possible. If the Chair of Governors is not available, then the LADO should be contacted directly.
- 9.12.3 There may be situations when the Headteacher or Chair of Governors will want to involve the police immediately if the person is deemed to be an immediate risk to children or there is evidence of a possible criminal offence.
- 9.12.4 Once an allegation has been received by the Headteacher or Chair of Governors they will contact the LADO immediately and before taking any action or investigation.
- 9.12.5 Following consultation with the LADO inform the parents of the allegation unless there is a good reason not to.

In liaison with the LADO, the school will determine how to proceed and if necessary, the LADO will refer the matter to Children's Social Care via the Children and Families Hub and/or the police.

When using an agency for supply staff, the school will inform the agency of its process for managing allegations.

Where an allegation is made against a member of supply staff, the Headteacher will immediately contact both the agency concerned and the LADO. The school will ensure that any allegations are dealt with appropriately and liaise with relevant parties. The school will continue to support any investigation that is required.

Section 2 of part 4 of Keeping Children Safe in Education 2023 deals with low level concerns. These will not be treated as insignificant but will require a report to the Headteacher and/ or DSL or the LADO. If the low-level concern is reported to the DSL, then the DSL will inform the Headteacher in a timely fashion according to the nature of the concern who will make the ultimate decision on how to respond.

Low-level concerns which are shared about supply staff and contractors should be notified to their employers, so that any potential patterns of inappropriate behaviour can be identified.

A low-level concern is any concern, no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school or college may have acted in a way that is inconsistent with the staff code of conduct, including inappropriate conduct outside of work.

Donhead has a Low Level Concerns Policy, which has been shared with the staff and guidance on how to complete a low levels concern form has also been shared. Low levels concerns will be kept and dealt with as they arise.

Low-level concerns about a member of staff should be reported to the Headteacher. Where a low-level concern is raised about the Headteacher, it should be shared with the Chair of Governors.

If there is any doubt whether the information shared about a member of staff, supply staff or contractor then they must consult the Local Authority Designated Officer (LADO).

If a report is determined to be unsubstantiated, unfounded, false or malicious, the Designated Safeguarding Lead should consider whether the child and/or the person who has made the allegation is in need of help or may have been abused by someone else and this is a cry for help. In such circumstances, a referral to children's social care may be appropriate.

If a report is shown to be deliberately invented or malicious, we will consider whether any disciplinary action is appropriate against the individual who made it as per our behaviour policy.

10. Online Safety

The school has an online safety policy which explains how we try to keep pupils safe in school and how we respond to online safety incidents.

Children increasingly use electronic equipment, including at home, daily to access the internet, share and view content and images via social media sites such as Facebook, Twitter, Instagram, Snapchat and Tiktok and for online gaming.

Some adults and other children use these technologies to harm children. The harm might range from sending hurtful or abusive texts or emails, to grooming and enticing children to engage in extremist or sexual behaviour such as webcam photography or face-to-face meetings.

Pupils may also be distressed or harmed by accessing inappropriate material such as pornographic websites or those which promote extremist behaviour, criminal activity, suicide or eating disorders.

Pupils are taught about online safety throughout the curriculum and all staff receive online safety training which is regularly updated. The school online safety co-ordinator is Olivia Rodrigues.

Donhead has a responsibility to ensure that appropriate filters and monitoring systems are in place alongside cyber security standards, in line with Keeping Children Safe in Education 2024 (KCSIE) and Meeting digital and technology standards in schools and colleges 2022

Online safety is a safeguarding responsibility, and the DSL is responsible overall for online safety for the school. The DSL must have access to regular and updated training in order to keep up to date with this. Filtering and monitoring standards are reviewed annually to ensure that harmful or inappropriate material is blocked. The on-site Network Manager reviews monitoring of inappropriate material regularly and alerts the DSL/SLT of anything of concern. There are regular meetings between the Network Manager and the DSL to ensure the standards are adequate.

The filtering system is regularly reviewed to ensure that children have access to 'safe' information and that 'over blocking' does not restrict access to their learning. Government supported online safety websites provide information to support governing bodies to keep children safe online (including when children are at home). We have a named Online Safety Leader and any Online Safety incidents are logged on CPOMS.

We will communicate with parents and carers to reinforce the importance of children being safe online and share information with parents/carers about:

- what systems we have in place to filter and monitor online use
- what we are asking children to do online, including the sites they will be asked to access, and
- who from the school their child is going to be interacting with online.

We ensure that monitoring systems are in place using a program from the London Grid for Learning, which is checked weekly by the Designated Safeguarding Lead and any actions taken.

Staff may lawfully search electronic devices, without consent or parental permission, if there is a suspicion that the pupil has a device prohibited by school rules, or the staff member has good reason to suspect the device may be used to:

- cause harm,
- disrupt teaching,
- break school rules,
- commit an offence,
- cause personal injury, or
- damage property.

Any data, files or images that are believed to be illegal must be passed to the police as soon as practicable, including pornographic images of children, without deleting them.

Any data, files or images that are not believed to be unlawful, may be deleted or kept as evidence of a breach of the school's behaviour policy. The school follows DFE '[Searching, screening and confiscation at school](#)' guidance.

For details of the school's policy on the use of mobile phones, cameras and other electronic devices with imaging and sharing capabilities, please read '[ICT Acceptable Use Policy - Staff](#)'.

10.1 The 4 Cs of online safety

An important step in improving online safety at Donhead school is identifying what the potential risks might be.

KCSIE groups online safety risks into four areas: content, contact, conduct and commerce (sometimes referred to as contract).² These are known as the 4 Cs of online safety.

Content

Content is anything posted online - it might be words or it could be images and video. Children and young people may see illegal, inappropriate or harmful content when online. This includes things like pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism.

Contact

Contact is about the risk of harm young people may face when interacting with other users online. This includes things like child on child pressure or seeing inappropriate commercial advertising. Sometimes adults pose as children or young adults with the intention of grooming or exploiting a child or young person for sexual, criminal, financial or other purposes.

Conduct

Conduct means the way people behave online. Some online behaviour can increase the likelihood, or even cause, harm - for example, online bullying. Conduct also includes things like sharing or receiving nudes and semi-nude images and viewing or sending pornography.

Commerce

Commerce is about the risk from things like online gambling, inappropriate advertising, phishing or financial scams. Children and young people may be exposed to these risks directly. Schools should also consider how the risk from commerce applies to staff

To meet our aims and address the risks above, we will:

- Educate pupils about online safety as part of our curriculum. For example:
 - The safe use of social media, the internet and technology
 - Keeping personal information private
 - How to recognise unacceptable behaviour online
 - How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they're a witness rather than a victim
- Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying, the risks of online radicalisation, and the expectations, roles and responsibilities around filtering and monitoring. All staff members will receive refresher training as required and at least once each academic year.
- Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety.
- Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:

- Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
- Staff will not take pictures or recordings of pupils on their personal phones or cameras
- Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology.
- Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones.
- Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the [DfE's guidance on searching, screening and confiscation](#)
- Put in place robust filtering and monitoring systems to limit children's exposure to the 4 key categories of risk (described above) from the school's IT systems.
- Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community.
- Provide regular safeguarding and children protection updates including online safety to all staff, at least annually, in order to continue to provide them with the relevant skills and knowledge to safeguard effectively.
- Review the child protection and safeguarding policy, including online safety, annually and ensure the procedures and implementation are updated and reviewed regularly.

10.2 Artificial Intelligence (AI)

Generative artificial intelligence (AI) tools are now widespread and easy to access. Staff, pupils and parents/carers may be familiar with generative chatbots such as ChatGPT and Google Bard.

Donhead Preparatory School recognises that AI has many uses, including enhancing teaching and learning, and in helping to protect and safeguard pupils. However, AI may also have the potential to facilitate abuse (e.g. bullying and grooming) and/or expose pupils to harmful content. For example, in the form of 'deepfakes', where AI is used to create images, audio or video hoaxes that look real.

Donhead will treat any use of AI to access harmful content or bully pupils in line with this policy and our anti-bullying policy.

Staff should be aware of the risks of using AI tools whilst they are still being developed and should carry out risk assessments for any new AI tool being used by the school.

10.3 Anti-Bullying/Cyberbullying

Our school policy on anti-bullying is set out in a separate document and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures.

We keep a record of known bullying incidents which is shared with and analysed by the governing body. All staff are aware that children with SEND and/or differences/ perceived differences are more susceptible to being bullied/victims of child abuse.

When there is 'reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm' a bullying incident should be addressed as a child protection concern. If the anti-bullying procedures are seen to be ineffective, the Headteacher and the DSL will also consider child protection procedures.

PHSE education regularly provides opportunities for children to understand bullying is wrong, its impact and how to deal with it.

11. Children with special educational needs and disabilities

The school recognises that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers that can exist when recognising abuse and neglect in this group of children include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration.
- being more prone to child group isolation than other children.
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- communication barriers and difficulties in overcoming these barriers
- use of technology

The school addresses these additional challenges by considering extra pastoral support for children with SEN and disabilities. In addition when these aspects are taught in the curriculum, a more contextualised or personalised approach is considered and employment if appropriate.

11.1 Alternative Provision

Alternative Provision is education arranged by local authorities for pupils who, because of exclusion, illness or other reasons, would not otherwise receive suitable education. Education arranged by schools for pupils on a fixed period exclusion; and pupils being directed by schools to off-site provision to improve their behaviour.

Donhead School will ensure that for every child attending Alternative Provision, we will check that all safeguarding policies and procedures are in place, that all staff have been recruited according to 'Safer recruitment' procedures and have undergone safeguarding training. We will visit the setting to ensure all the above are in place.

12. Children who need the support of a Social Worker

Children may need a social worker due to safeguarding or welfare needs, such as abuse, neglect and complex family circumstances.

In addition to their responsibility with Looked After/ Previously Looked After Children the Virtual School Headteacher has a strategic responsibility for promoting the educational outcomes of children with a social worker. This includes the oversight of attendance, attainment and progress. The Virtual School Headteacher will engage with key professionals to help them understand the role they have in improving outcomes for children.

These experiences can leave children vulnerable to further harm, as well as potentially creating barriers to attendance, learning, behaviour and mental health

The local authority should inform the school if a child has a social worker, and the DSL should hold and use this information in the best interests of the child's safety, welfare and educational outcomes, such as when decisions are made on:

- Responding to unauthorised absence or missing education where there are known safeguarding risks
- The provision of pastoral and/or academic support

See <https://www.gov.uk/government/publications/review-of-children-in-need/review-of-children-in-need>

13. Children Looked After (LAC) and Previously Looked After

The most common reason for children becoming looked after is as a result of abuse and neglect.

The school ensures that staff have the necessary skills and understanding to keep looked after children safe. Appropriate staff have information about a child's looked after legal status and care arrangements, including the level of authority delegated to the carer by the authority looking after the child and contact arrangements with birth parents or those with parental responsibility.

The designated teacher and governor for children looked after will have the appropriate level training to equip them with the knowledge and skills to undertake their role.

The designated teacher for children looked after and the DSL have details of the child's social worker and the name and contact details of the Merton Council's Head of Virtual School.

The designated teacher for children looked after and children previously looked after will work in partnership with the Virtual School Assistant Headteacher to discuss how Pupil Premium Plus funding can be best used to support the progress of children looked after in the school and meet the needs of the children within their personal education plan.

Previously looked after children are those who immediately after being in care (as defined above) became subject to an adoption order, child arrangements order or special guardianship order.

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- The DSL has details of children's social workers and relevant virtual school heads

We have appointed an appropriately trained teacher, [insert name/role], to take the lead on promoting the educational achievement of looked-after and previously looked-after children.

As part of their role, they will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to
- Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children

13.1 Private Fostering Arrangements

A private fostering arrangement occurs when someone other than a parent or close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16 years old or 18 years old if the child is disabled.

Children looked after by the local authority or who are placed in residential schools, children's homes or hospitals are not considered to be privately fostered.

Private fostering occurs in all cultures and children may be privately fostered at any age.

The school recognise that most privately fostered children remain safe and well but are aware that safeguarding concerns have been raised in some cases. Therefore, all staff are alert to possible safeguarding issues, including the possibility that the child has been trafficked into the country.

By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify Children's Social Care as soon as possible. However, where a member of staff becomes aware that a pupil may be in a private fostering arrangement, they will raise this with the DSL and the DSL will notify the Children and Families Hub

14. Children Missing Education

To be clear on terminology:

- Children absent from education are on the school roll, but are regularly not attending
- Children missing education aren't on any school roll or being educated elsewhere
- These are vital warning signs of safeguarding risks to a child

All children, regardless of their circumstances, are entitled to an efficient, full-time education which is suitable to their age, ability, aptitude and any special educational needs they may have.

The school recognises that children missing education are at significant risk of underachieving, being victims of abuse and harm, exploitation or radicalisation, and becoming NEET (not in education, employment or training) later in life.

Being absent, as well as missing, from education can be warning sign of a range of safeguarding concerns, including sexual abuse, sexual exploitation or child criminal exploitation - Keeping Children Safe in Education 2023 (KCSIE). All staff must be vigilant to any child who is absent from school for a prolonged or unusual period of time without a satisfactory reason as to why and this must be reported to the DSL.

Where possible Donhead will hold more than one emergency contact number for each pupil.

Donhead will ensure that there is a record of joiners and leavers as defined in The Education (Pupil Registration) (England) 2006.

Donhead will ensure that there is a record of joiners and leavers as defined in The Education (Pupil Registration) (England) 2006.

When removing a child's name, the school will notify the Local Authority of: (a) the full name of the child, (b) the full name and address of any parent with whom the child normally resides, (c) at least one telephone number of the parent, (d) the child's future address and destination school, if applicable, and (e) the ground in regulation 8 under which the child's name is to be removed from the Donhead school register.

Donhead will make reasonable enquiries to establish the whereabouts of a child jointly with the Local Authority, before deleting the child's name from the school register if the deletion is under regulation 8(1), sub-paragraphs (f) (iii) and (h) (iii) of The Education (Pupil Registration) (England) 2006.

Donhead will:

- Enter pupils on the admissions register on the first day on which the school has agreed, or has been notified, that the pupil will attend Donhead.
- Notify the Local Authority within five days of adding a child's name to the admission register. The notification must include all the details contained in the admission register for the new pupil.
- Monitor each child's attendance through their daily register and follow the Merton Council procedure in cases of unauthorised absence.
- Remove a child's name from the admissions register on the date that the child leaves Donhead.
- Donhead will notify the Local Authority when they are about to remove a child's name from the Donhead register under any of the fifteen grounds listed in the regulations, no later than the date that the child's name is due to be removed.

14.1 Elective Home Education

Where a parent/carer expresses their intention to remove a child from school with a view to educating at home, we will work together with key professionals to coordinate a meeting with parents/carers where possible. Ideally, this would be before a final decision has been made, to ensure the parents/carers have considered what is in the best interests of each child. This is particularly important where a child has SEND, is vulnerable, and/or has a social worker.

14.2 Pupils Missing Out of Education

Most children engage positively with school and attend regularly. However, in order to flourish, some children require an alternative education offer or may require a modified timetable to support a return to full time education provision. It is recognised that children accessing alternative provision, or a reduced or modified timetable may have additional vulnerabilities. Ofsted refer to these as Pupils Missing Out On Education (PMOOE), because they are not accessing their education in school in the 'usual way'.

Where children are educated offsite or in dual placements safeguarding risk assessments are completed.

The school will gain consent (if required in statute) from parents to put in place alternative provision and/or a reduced or modified timetable.

Donhead will ensure that and parents (and the local authority where the pupil has a statement of special educational needs) are given clear information about alternative provision placements and reduced or modified timetables: why, when, where, and how they will be reviewed.

Donhead will keep the placement and timetable under review and involve parents in the review. Reviews will be frequent enough to provide assurance that the off-site education and/or modified timetable is achieving its objectives and that the pupil is benefitting from it.

Donhead will monitor and track children attending alternative provision to ensure that the provision meets the needs of the child.

Donhead will comply with regular data returns requested by the Local Authority, regarding all pupils, of statutory school age, attending alternative provision and/or on a reduced or modified timetable.

Donhead leadership will report to governors of any formal direction of a pupil to alternative provision to improve behaviour.

Donhead leadership will report to governor's information regarding the use and effectiveness of the use of alternative provision and modified timetables.

15. Health (including Mental Health)

School has an important role to play in supporting the mental health and wellbeing of our pupils. All staff are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Although it is only appropriately trained professionals who can diagnose mental health problems, staff observe children day-to-day and identify those whose behaviour suggests that they may be experiencing mental health problems or be at risk of developing one.

Where children have suffered abuse and neglect and other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences can impact on mental health, behaviour and education.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by speaking with one of the school's DSLs. School has access to a range of advice to help them identify children in need of extra mental health support; this includes working with external agencies. School has access to [Mental Health and Behaviour in Schools Guidance](#)

Any child with a significant health condition requiring regular medication or treatment will require an Individual Health Care Plan which will be completed with the parent and school nurse. It is vital that parents inform us if their child has a health condition of this nature to enable us to ensure that their child's health needs are managed appropriately whilst they are at school. Information from this plan will be shared with key staff members to ensure that they are alert to the child's individual needs.

16. School Attendance and Behaviour

Additional policies and procedures are in place regarding school attendance and behaviour.

Donhead recognises that absence from school and exclusion from school may be indicators of abuse and neglect, including the exploitation of children. The DSL will regularly liaise with members of school staff with responsibility for behaviour and attendance to ensure risk is identified and appropriate intervention is in place to protect children from harm.

Donhead will work in partnership with Merton Police and other partners for reporting children that go missing from the school site during the school day. Staff will be alert to signs of children at risk of travelling to conflict zones, female genital mutilation and forced marriage.

17. Restrictive Physical Intervention

We acknowledge that staff must only ever use physical intervention as a last resort, when a child is or at immediate risk of harming him/herself or others, and that at all times it must be the minimal force necessary to prevent injury to another person. Such events should be fully recorded and signed by a witness.

Staff who are likely to need to use physical intervention will be appropriately trained in "Positive Options" techniques.

Staff understand that physical intervention of a nature which causes injury or distress to a child may be considered under child protection and/or disciplinary procedures.

We recognise that touch is appropriate in the context of working with children, and all staff have been given 'Safe Practice' guidance to ensure they are clear about their professional boundaries.

When applying disciplinary measures such as physical intervention or isolation for children with SEND Donhead will consider the risks, given the additional vulnerabilities of these children.

18. Children who are Lesbian, Gay, Bisexual, or Transexual (LGBT)

The fact that a child or a young person may be LGBT is not in itself an inherent risk factor for harm. However, children who are LGBT can be targeted by other children. In some cases, a child who is perceived by other children to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT.

Risks can be compounded where children who are LGBT lack a trusted adult with whom they can be open. Donhead School will provide a safe space for them to speak out or share their concerns with members of staff.

LGBT inclusion is part of the statutory Relationships Education, Relationship and Sex Education and Health Education curriculum and there is a range of support available to help schools counter homophobic, biphobic and transphobic bullying and abuse.

19. Complaints and concerns about school safeguarding policies

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff.

Whistleblowing

We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.

All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions of colleagues, poor or unsafe practice and potential failures in Donhead's safeguarding arrangements. If it becomes necessary to consult outside the school, they should speak in the first instance, to the LADO in accordance with the Whistleblowing Policy.

The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally or have concerns about a way a concern is being handled by their school. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk.

Whistle-blowing regarding the Headteacher should be made to the Chair of the Governing Body, whose contact details are readily available to staff by contacting the Clerk to the Governors, through the school office or emailing the Chair of the Governing Body directly at jan.quant@donhead.org.uk

20. Record Keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the rationale for those decisions, must be recorded in writing. This should include instances where referrals were or were not made to another agency such as local authority children's social care or the Prevent programme, etc. If you are in any doubt about whether to record something, discuss it with the DSL.

Records will include:

- A clear and comprehensive summary of the concern
- Details of how the concern was followed up and resolved
- A note of any action taken, decisions reached and the outcome

Concerns and referrals will be kept in a separate child protection file for each child.

Any non-confidential records will be readily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded as soon as possible, securely, and separately from the main pupil file.

To allow the new school/college to have support in place when the child arrives, this should be within:

- **5 days** for an in-year transfer, or within
- **The first 5 days** of the start of a new term

In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

21. Training

21.1 All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures and online safety, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse, exploitation or neglect.

This training will be regularly updated and will:

- Be integrated, aligned and considered as part of the whole-school safeguarding approach and wider staff training, and curriculum planning
- Be in line with advice from the 3 safeguarding partners
- Include online safety, including an understanding of the expectations, roles and responsibilities for staff around filtering and monitoring
- Have regard to the Teachers' Standards to support the expectation that all teachers:
 - Manage behaviour effectively to ensure a good and safe environment
 - Have a clear understanding of the needs of all pupils

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of becoming involved with or supporting terrorism, and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates, including on online safety, as required but at least annually (for example, through emails, e-bulletins and staff meetings).

Contractors who are provided through a private finance initiative (PFI) or similar contract will also receive safeguarding training.

Volunteers will receive appropriate training, if applicable.

21.2 The DSL and DDSL

The DSL and DDSL will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They, or any other designated Prevent lead, will also undertake more in-depth Prevent awareness training, including on extremist and terrorist ideologies.

21.3 Governors

All governors receive training about safeguarding and child protection (including online safety) at induction, which is regularly updated. This is to make sure that they:

- Have the knowledge and information needed to perform their functions and understand their responsibilities, such as providing strategic challenge
- Can be assured that safeguarding policies and procedures are effective and support the school to deliver a robust whole-school approach to safeguarding

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, they receive training in managing allegations for this purpose.

Staff who have contact with pupils and families

All staff who have contact with children and families will have supervisions which will provide them with support, coaching and training, promote the interests of children and allow for confidential discussions of sensitive issues.

22. Monitoring arrangements

This policy will be reviewed annually by Kate Donaghy, Designated Safeguarding Lead. At every review, it will be approved by the full governing board.

Appendix 2: Further information about safeguarding risks

What is child abuse?

The following definitions are taken from *Working Together to Safeguard Children* HM Government (2023). In addition to these definitions, children can also be abused by being sexually or criminally exploited, honour-based abuse, forced marriage or female genital mutilation.

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by 1 definition or label. In most cases, multiple issues will overlap.

Physical Abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Most children collect cuts and bruises quite routinely as part of the rough and tumble of daily life. Clearly, it is not necessary to be concerned about most of these minor injuries. But accidental injuries normally occur on the *bony prominences* – e.g. knees, shins.

Injuries on the *soft* areas of the body are more likely to be inflicted intentionally and should therefore make us more alert to other concerning factors that may be present.

A body map can assist in the clear recording and reporting of physical abuse. The body map should only be used to record observed injuries and no child should be asked to remove clothing by a member of staff of the school.

Indicators of physical abuse / factors that should increase concern

- Multiple bruising or bruises and scratches (especially on the head and face)
- Clusters of bruises – e.g., fingertip bruising (caused by being grasped)
- Bruises around the neck and behind the ears – the most common abusive injuries are to the head
- Bruises on the back, chest, buttocks, or on the inside of the thighs
- Marks indicating injury by an instrument – e.g., linear bruising (stick), parallel bruising (belt), marks of a buckle
- Bite marks
- Deliberate burning may also be indicated by the pattern of an instrument or object – e.g., electric fire, cooker, cigarette
- Scalds with upward splash marks or *tide marks*
- Untreated injuries
- Recurrent injuries or burns
- Bald patches.

In the context of the school, it is normal to ask about a noticeable injury. The response to such an enquiry is generally light-hearted and detailed. So, most of all, concern should be increased when:

- the explanation given does not match the injury
- the explanation uses words or phrases that do not match the vocabulary of the child (adult's words)
- no explanation is forthcoming
- the child (or the parent/carer) is secretive or evasive
- the injury is accompanied by allegations of abuse or assault

You should be concerned if a child:

- is reluctant to have parents/carers contacted
- runs away or shows fear of going home
- is aggressive towards themselves or others
- flinches when approached or touched
- is reluctant to undress to change clothing for sport
- wears long sleeves during hot weather
- is unnaturally compliant in the presence of parents/carers.
- has a fear of medical help or attention
- admits to a punishment that appears excessive.

Emotional abuse

The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development.

It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children.

These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another.

It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur in isolation.

Most harm is produced in *low warmth, high criticism* homes, not from single incidents.

Emotional abuse is difficult to define, identify/recognise and/or prove.

Emotional abuse is chronic and cumulative and has a long-term impact.

All kinds of abuse and neglect have emotional effects although emotional abuse can occur by itself.

Children can be harmed by witnessing someone harming another person – as in domestic abuse.

It is sometimes possible to spot emotionally abusive behavior from parents and carers to their children, by the way that the adults are speaking to, or behaving towards children. An appropriate challenge or intervention could affect positive change and prevent more intensive work being carried out later.

Indicators of emotional abuse

Developmental issues

- Delays in physical, mental and emotional development
- Poor school performance
- Speech disorders, particularly sudden disorders or changes.

Behaviour

- Acceptance of punishment which appears excessive
- Over-reaction to mistakes
- Continual self-deprecation (I'm stupid, ugly, worthless etc)
- Neurotic behaviour (such as rocking, hair-twisting, thumb-sucking)
- Self-mutilation
- Suicide attempts
- Drug/solvent abuse
- Running away
- Compulsive stealing, scavenging
- Acting out
- Poor trust in significant adults
- Regressive behaviour – e.g., wetting
- Eating disorders
- Destructive tendencies
- Neurotic behaviour
- Arriving early at school, leaving late

Social issues

- Withdrawal from physical contact
- Withdrawal from social interaction
- Over-compliant behaviour
- Insecure, clinging behaviour
- Poor social relationships

Emotional responses

- Extreme fear of new situations
- Inappropriate emotional responses to painful situations (“I deserve this”)
- Fear of parents being contacted
- Self-disgust
- Low self-esteem
- Unusually fearful with adults
- Lack of concentration, restlessness, aimlessness
- Extremes of passivity or aggression

Sexual abuse

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether the child is aware of what is happening.

The activities may involve physical contact, including rape, assault by penetration (other than by a penis) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including online).

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Sexual abuse is often perpetrated by people who are known and trusted by the child – e.g., relatives, family friends, neighbours, babysitters, and people working with the child in school, faith settings, clubs or activities. Children can also be subject to child sexual exploitation.

Child Sexual Exploitation is seen as a separate category of sexual abuse.

Characteristics of child sexual abuse:

- it is often planned and systematic – people do not sexually abuse children by accident, though sexual abuse can be opportunistic
- grooming the child – people who abuse children take care to choose a vulnerable child and often spend time making them dependent (this may occur online)
- grooming the child's environment – abusers try to ensure that potential adult protectors (parents and other carers especially) are not suspicious of their motives.

Most people who sexually abuse children are men, but some women sexually abuse too.

Indicators of sexual abuse

Physical observations:

- Damage to genitalia, anus or mouth
- Sexually transmitted diseases
- Unexpected pregnancy, especially in noticeably young girls
- Soreness in genital area, anus or mouth and other medical problems such as chronic itching
- Unexplained recurrent urinary tract infections and discharges or abdominal pain

Behavioural observations:

- Sexual knowledge inappropriate for age
- Sexualised behaviour or affection inappropriate for age
- Sexually inappropriate behaviour
- Hinting at sexual activity
- Inexplicable decline in education progress
- Depression or other sudden apparent changes in personality as becoming insecure
- Lack of concentration, restlessness, aimlessness
- Socially isolated or withdrawn
- Overly compliant behaviour
- Acting out, aggressive behaviour
- Poor trust or fear concerning significant adults
- Regressive behaviour,
- Onset of wetting, by day or night; nightmares
- Arriving early at school, leaving late, running away from home
- Suicide attempts, self-mutilation,
- Suddenly drawing sexually explicit pictures
- Eating disorders or sudden loss of appetite or compulsive eating
- Regressing to younger behaviour patterns such as thumb sucking or bringing out discarded cuddly toys
- Become worried about clothing being removed
- Trying to be 'ultra-good' or perfect; overreacting to criticism.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- protect a child from physical and emotional harm or danger
- ensure adequate supervision (including the use of inadequate caregivers)
- ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Neglect is a lack of parental care, but poverty and lack of information or adequate services can be contributory factors.

Far more children are registered to the category of neglect on Child in Need and Child Protection plans than to the other categories. As with abuse, the number of children experiencing neglect is likely to be much higher than the numbers on the plans.

Neglect can include parents or carers failing to:

- provide adequate food, clothing and shelter
- protect a child from physical and emotional harm or danger
- ensure adequate supervision or stimulation
- ensure access to appropriate medical care or treatment

NSPCC research has highlighted the following examples of the neglect of children under 12 years old:

- frequently going hungry
- frequently having to go to school in dirty clothes
- regularly having to look after themselves because of parents being away or having problems such as drug or alcohol misuse
- being abandoned or deserted
- living at home in dangerous physical conditions
- not being taken to the doctor when ill
- not receiving dental care.

Neglect is a difficult form of abuse to recognise and is often seen as less serious than other categories. It is, however, very damaging: children who are neglected often develop more slowly than others and may find it hard to make friends and fit in with their child group.

Neglect is often noticed at a stage when it does not pose a risk to the child. The duty to safeguard and promote the welfare of children (*What to do if You're Worried a Child is Being Abused* DfE 2015) would suggest that an appropriate intervention or conversation at this early stage can address the issue and prevent a child continuing to suffer until it reaches a point when they are at risk of harm or in significant need.

Neglect is often linked to other forms of abuse, so any concerns school staff must be discussed with the DSL.

It is important to recognise that indicators alone cannot confirm whether a child is being abused. Each child should be seen in the context of their family and wider community and a proper assessment carried out by appropriate persons. What is important to keep in mind is that if you feel unsure or concerned, do something about it. Don't keep it to yourself.

Physical indicators of neglect

- Constant hunger and stealing food
- Poor personal hygiene - unkempt, dirty or smelly
- Underweight
- Dress unsuitable for weather
- Poor state of clothing
- Illness or injury untreated

Behavioural indicators of neglect

- Constant tiredness
- Frequent absence from school or lateness
- Missing medical appointments
- Isolated among children
- Frequently unsupervised
- Stealing or scavenging, especially food
- Destructive tendencies
- Poor attachment to caregivers and emerging mental health difficulties

Child on Child Abuse (now incorporated into part 5 of Keeping Children Safe in Education 2024)

In most instances, the conduct of pupils towards each other will be covered by our behaviour policy. However, some allegations may be of such a serious nature that they may raise safeguarding concerns. Donhead School recognises that children can abuse their children.

The forms of child-on-child abuse are outlined below:

- Bullying (including cyberbullying, prejudice-based and discriminatory bullying).
- Abuse in intimate personal relationships between children.
- Physical abuse which can include hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm.
- Sexual Violence and Sexual Harassment.
- Consensual and non-consensual sharing of nude and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery).
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.
- Upskirting which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm.
- initiation/hazing type violence and rituals.

Child on Child abuse can refer to all these definitions and a child may experience one or multiple facets of abuse at any one time. Therefore, our response will cut across these definitions and capture the complex web of their experiences.

There are also different gender issues that can be prevalent when dealing with child-on-child abuse (i.e. girls being sexually touched/assaulted, or boys being subjected to initiation/hazing type violence). It is more likely that girls will be victims and boys' perpetrators, but that all child-on-child abuse is unacceptable and will be taken seriously.

We believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults and other children in school.

It will not be passed off as 'banter', 'boys being boys' or 'part of growing up', and staff will challenge inappropriate behaviour between children. Any downplaying of certain conduct can lead to a culture of unacceptable behaviour which will lead to children not reporting or normalising abuse causing an unsafe environment. We are clear that there will be a zero-tolerance approach to any form of abuse including child on child abuse.

This school understands that even if there are no reports of child on child abuse, this does not mean that it is not happening.

We will minimise the risk of child-on-child abuse by: -

- Taking a whole school approach to safeguarding & child protection through our safeguarding curriculum.
- All staff being trained and highly vigilant and aware of specific characteristics which may indicate child on child abuse, for example, vulnerability and controlling behaviour.
- Providing a values-based curriculum, underpinned by the school's behaviour policy and pastoral support, and by a planned programme of evidence-based content delivered through the curriculum.
- Working in partnership with parents and carers.
- Engaging with specialist support and interventions.

Domestic Abuse

Domestic abuse represents one quarter of all violent crime. It is actual or threatened physical, emotional, financial, psychological or sexual abuse. It involves the use of power and coercive control by one person over another. It occurs regardless of race, ethnicity, gender, class, sexuality, age, religion, mental or physical ability. Domestic abuse can also involve other types of abuse.

We use the term domestic abuse to reflect that several abusive and controlling behaviours are involved beyond violence. Slapping, punching, kicking, bruising, rape, ridicule, constant criticism, threats, manipulation, sleep deprivation, social isolation, and other controlling behaviours all count as abuse.

Living in a home where domestic abuse takes place is harmful to children and can have a serious impact on their behaviour, wellbeing and understanding of healthy, positive relationships, including impacting upon their own personal, intimate relationships. Children who witness domestic abuse are at risk of significant harm and staff are alert to the signs and symptoms of a child suffering or witnessing domestic abuse.

The school is enrolled onto the Operation Encompass scheme, a joint project between the Metropolitan Police Service and Merton Schools; where our DSL is notified of all domestic abuse incidents that have occurred and been reported to Police in the previous 24 hours which involved a child at this school (72 hours on a Monday morning). This provides an opportunity for us to ensure the right support is in place at the right time for children who are experiencing domestic abuse.

What should I do if I suspect a family is affected by domestic abuse?

To talk through your concerns, call the Children and Families Hub or talk to your local outreach service.

Contextual Safeguarding – Risks outside of the home

As well as threats to the welfare of children from within their families, children may be vulnerable to abuse or exploitation from influences outside of their families. The school recognises that these extra-familial threats might arise from within their child groups, from within the wider community and/or online. These threats can take a variety of different forms and children can be vulnerable to multiple threats, including:

- exploitation by criminal gangs and organised crime groups such as county lines
- trafficking
- online abuse
- sexual exploitation
- extremism leading to radicalisation. Extremist groups make use of the internet to radicalise and recruit and to promote extremist materials.

Staff are trained on contextual influences and follow the school procedures for reporting concerns. Any concerns regarding supply staff should be referred immediately to the Head teacher.

The DSL will ensure that information is shared in the referral process to help social care assessments consider contexts outside of the home.

Child Sexual Exploitation (CSE)

Child sexual exploitation is a form of child abuse and occurs where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child in sexual activity. Whilst age may be the most obvious, this power imbalance can also be due to range of other factors including gender, sexual identity, cognitive ability, physical strength, status and access to economic and other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and will be to the financial benefit or other advantage, such as increased status, of the perpetrator or facilitator. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be one off occurrence or a series of incidents over time. It can range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may or may not be accompanied by violence or threats of violence. Victims can be exploited even when activity appears to be consensual and exploitation as well as being physical can be facilitated and/or take place online.

All staff are aware of the link between online safety and vulnerability to exploitation.

Any concerns that a child is being or is at risk of being sexually exploited should be passed immediately to the DSL.

Donhead is aware there is a clear link between regular non-attendance at school and CSE. Staff will consider a child to be at potential CSE risk in the case of regular non-attendance at school and make reasonable enquiries with the child and parents to assess this risk.

The school is aware that a child often is not able to recognise the coercive nature of the abuse and does not see themselves as a victim. As a consequence, the child may resent what they perceive as interference by staff. However, staff must act on their concerns as they would for any other type of abuse. Children also rarely self-report CSE so staff must be particularly vigilant to potential indicators of risk.

The school includes the risks of sexual exploitation in the RHE curriculum. Pupils will be informed of the grooming process and how to protect themselves from people who may potentially be intent on causing harm. They will be supported in terms of recognising and assessing risk in relation to CSE, including online, and knowing how and where to get help.

The following list of indicators is not exhaustive or definitive, but it does highlight common signs which can assist professionals in identifying children or young people who may be victims of sexual exploitation.

Signs include:

- underage sexual activity
- inappropriate sexual or sexualised behaviour
- sexually risky behaviour, 'swapping' sex
- repeat sexually transmitted infections
- in girls, repeat pregnancy, abortions, miscarriage
- receiving unexplained gifts or gifts from unknown sources
- having multiple mobile phones and worrying about losing contact via mobile
- having unaffordable new things (clothes, mobile) or expensive habits (alcohol, drugs)
- changes in the way they dress
- going to hotels or other unusual locations to meet friends
- seen at known places of concern
- moving around the country, appearing in new towns or cities, not knowing where they are
- getting in/out of different cars driven by unknown adults
- having older boyfriends or girlfriends
- contact with known perpetrators
- involved in abusive relationships, intimidated and fearful of certain people or situations
- hanging out with groups of older people, or anti-social groups, or with other vulnerable children
- associating with other young people involved in sexual exploitation
- recruiting other young people to exploitative situations
- truancy, exclusion, disengagement with school, opting out of education altogether
- unexplained changes in behaviour or personality (chaotic, aggressive, sexual)
- mood swings, volatile behaviour, emotional distress
- self-harming, suicidal thoughts, suicide attempts, overdosing, eating disorders
- drug or alcohol misuse
- getting involved in crime
- police involvement, police records
- involved in gangs, gang fights, gang membership
- injuries from physical assault, physical restraint, sexual assault.

Child Criminal Exploitation & Gangs

There are a number of areas in which young people are put at risk by gang activity, both through participation in, and as victims of, gang violence which can be in relation to their children or to a gang-involved adult in their household.

A child who is affected by gang activity or serious youth violence may have suffered, or may be likely to suffer, significant harm through physical, sexual and emotional abuse or neglect.

The risk or potential risk of harm to the child may be as a victim, a gang member or both - in relation to their child or to a gang-involved adult in their household. Teenagers can be particularly vulnerable to recruitment into gangs and involvement in gang violence. This vulnerability may be exacerbated by risk factors in an individual's background, including violence in the family, involvement of siblings in gangs, poor educational attainment, or poverty or mental health problems.

Criminal exploitation of children is a typical feature of county lines criminal activity with children being exploited to move and store drugs and money. "County lines" is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas within the UK, using dedicated mobile phone lines or other form of "deal line". Children might be involved in violence, be pressured into doing things like stealing, carrying drugs or weapons or be abused, exploited and put into dangerous situations. Key identifying features of involvement in county lines are when children are missing, when the victim may have been trafficked for transporting drugs, a referral to the National Referral Mechanism should be considered with Social Care and Police colleagues.

A child who is affected by gang activity, criminal exploitation or serious youth violence can be at risk of significant harm through physical, sexual and emotional abuse. Girls may be particularly at risk of sexual exploitation.

Any concerns that a child is being or is at risk of being criminally exploited will be passed without delay to the DSL. The school is aware there is a clear link between regular non-attendance at school and exploitation. Staff will consider a child to be at potential risk in the case of regular non-attendance at school and make reasonable enquiries with the child and parents to assess this risk.

A referral to the Children and Families Hub will be made when any concern of harm to a child because of gang activity including child criminal exploitation becomes known. Any member of staff who has concerns that a child may be at risk of harm should immediately inform the DSL. The DSL will contact the Children and Families Hub. If there is concern about a child's immediate safety, the Police will be contacted on 999.

Children at Risk or Involved in Serious Violent Crime

Serious violent youth crime' is defined by the Home Office Assessment of Policing and Community Safety (APACS) as 'any offence of most serious violence or weapon enabled crime, where the victim is aged 1-19' Indicators:

- Unexplained gifts/new possessions – these can indicate children have been approached by/involved with individuals associated with criminal networks/gangs
- Increased absence from school
- Change in friendship/relationships with others/groups
- Significant decline in performance
- Signs of self-harm/significant change in wellbeing
- Signs of assault/unexplained injuries

Additional risk factors include:

- being male,
- having been frequently absent or permanently excluded from school,
- having experienced child maltreatment and having
- been involved in offending, such as theft or robbery.

Sharing Nudes and semi-nudes

The practice of children sharing nudes and semi nudes (formerly known as sexting or Youth produced Sexual Imagery) and videos via text message, email, social media or mobile messaging apps has become commonplace. However, this online technology has also given children the opportunity to produce and distribute sexual imagery in the form of photos and videos. Such imagery involving anyone under the age of 18 is unlawful.

Nudes and semi nudes refer to both images and videos where:

- A person under the age of 18 creates and shares sexual imagery of themselves with a child under the age of 18.
- A person under the age of 18 shares sexual imagery created by another person under the age of 18 with a child under the age of 18 or an adult.
- A person under the age of 18 is in possession of sexual imagery created by another person under the age of 18.
- Voyeurism Act 2019 – Upskirting is now a criminal act in the UK. The response to this in schools need to be the same as child-on-child sexual abuse and may including contacting the police. The Criminal Prosecution Service (CPS) defines 'upskirting' as a colloquial term referring to the action of placing equipment such as a camera or mobile phone beneath a person's clothing to take a voyeuristic photograph without their permission. It is not only confined to victims wearing skirts or dresses and equally applies when men or women are wearing kilts, cassocks shorts or trousers. It is often performed in crowded public places, for example on public transport or at music festivals, which can make it difficult to notice offenders. "

All incidents of this nature should be treated as a safeguarding concern and in line with the UKCCIS guidance Sharing nudes and semi-nudes

Cases where sexual imagery of people under 18 has been shared by adults and where sexual imagery of a person of any age has been shared by an adult to a child is child sexual abuse and should be responded to.

If a member of staff becomes aware of an incident involving youth produced sexual imagery, they should follow the child protection procedures and refer to the DSL immediately.

The member of staff should confiscate the device involved and set it to flight mode or, if this is not possible, turn it off. Staff must not view, copy or print the youth produced sexual imagery.

The DSL should hold an initial review meeting with appropriate school staff and subsequent interviews with the children involved (if appropriate).

Parents should be informed at an early stage and involved in the process unless there is reason to believe that involving parents would put the child at risk of harm.

At any point in the process if there is concern a young person has been harmed or is at risk of harm a referral should be made to the Children and Families Hub or the Police as appropriate.

Immediate referral at the initial review stage should be made to Children's Social Care/Police if:

- The incident involves an adult.

- There is good reason to believe that a young person has been coerced, blackmailed or groomed or if there are concerns about their capacity to consent (for example, owing to special education needs).
- What you know about the imagery suggests the content depicts sexual acts which are unusual for the child's development stage or are violent.
- The imagery involves sexual acts.
- The imagery involves anyone aged 12 or under.
- There is reason to believe a child is at immediate risk of harm owing to the sharing of the imagery, for example the child is presenting as suicidal or self-harming.

If none of the above apply then the DSL will use their professional judgement to assess the risk to pupils involved and may decide, with input from the Headteacher, to respond to the incident without referral to the Children and Families Hub or the Police.

During the decision making the DSL will consider if:

- There is a significant age difference between the sender/receiver.
- There is any coercion or encouragement beyond the sender/receiver.
- The imagery was shared and received with the knowledge of the child in the imagery.
- The child is vulnerable, for example subject to Child in Need, Child Protection or Early Help plans, Looked After, SEND.
- There is a significant impact on the children involved.
- The image is of a severe or extreme nature.
- The child involved understands consent.
- The situation is isolated or if the image been more widely distributed.
- There other circumstances relating to either the sender or recipient that may add cause for concern.
- The children have been involved in incidents relating to youth produced imagery before.
- Voyeurism occurred.

If any of these circumstances are present the situation will be referred according to our child protection procedures, including referral to the Children and Families Hub or the Police.

The DSL will record all incidents of sharing nudes and semi-nudes, including the actions taken, rationale for actions and the outcome.

Honour-Based Abuse

Honour based abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. They are a collection of practices, which are used to control behaviour within families or other social groups to protect perceived cultural and religious beliefs and/or honour. Such violence can occur when perpetrators perceive that a relative has shamed the family and/or community by breaking their honour code.

Honour-Based Abuse might be committed against people who:

- become involved with a boyfriend or girlfriend from a different culture or religion.

- want to get out of an arranged marriage; become involved with a boyfriend or girlfriend from a different culture or religion.
- want to get out of an arranged marriage.
- want to get out of a forced marriage
- wear clothes or take part in activities that might not be considered traditional within a culture

It is considered a violation of human rights and may be a form of domestic and/or sexual abuse.

Female Genital Mutilation (FGM)

Female Genital Mutilation (FGM) is illegal in England and Wales under the FGM Act (2003). It is a form of child abuse and violence against women. A mandatory reporting duty requires teachers to report 'known' cases of FGM in under 18s, which are identified in the course of their professional work, to the police.

The duty applies to all persons in school who is employed or engaged to carry out 'teaching work' in the school, whether they have qualified teacher status.

The duty applies to the individual who becomes aware of the case to make a report. It should not be transferred to the Designated Safeguarding Lead; however, the DSL should be informed.

If a teacher is informed by a girl under 18 that an act of FGM has been carried out on her or a teacher observes physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth, the teacher should personally make a report to the police force in which the girl resides by calling 101. The report should be made immediately.

School staff are trained to be aware of risk indicators of FGM.

Concerns about FGM outside of the mandatory reporting duty should be reported using the school's child protection procedures. Staff should be particularly alert to suspicions or concerns expressed by female pupils about going on a long holiday during the summer holiday.

There should also be consideration of potential risk to other girls in the family and practicing community. Where there is a risk to life or likelihood of serious immediate harm the teacher should report the case immediately to the police, including dialling 999 if appropriate.

There are no circumstances in which a teacher or other member of staff should examine a girl.

It involves procedures that intentionally alter/injure the female genital organs for non-medical reasons.

4 types of procedure:

- Type 1 Clitoridectomy – partial/total removal of clitoris
- Type 2 Excision – partial/total removal of clitoris and labia minora
- Type 3 Infibulation entrance to vagina is narrowed by repositioning the inner/outer labia
- Type 4 all other procedures that may include: pricking, piercing, incising, cauterising and scraping the genital area.

Why is it carried out?

Belief that: FGM brings status/respect to the girl – social acceptance for marriage

- Preserves a girl's virginity
- Part of being a woman / rite of passage
- Upholds family honour
- Cleanses and purifies the girl
- Gives a sense of belonging to the community
- Fulfils a religious requirement
- Perpetuates a custom/tradition
- Helps girls be clean / hygienic
- Is cosmetically desirable
- Mistakenly believed to make childbirth easier

This procedure is also known as cutting, sunna, gudnin (Somali) and Tahur (Sudanese)

Circumstances and occurrences that may point to FGM happening are:

- Child talking about getting ready for a special ceremony
- Family taking a long trip abroad
- Child's family being from one of the 'at risk' communities for FGM:
- Kenya, Somalia, Sudan, Sierra Leone, Egypt, Nigeria, Eritrea as well as non-African communities including Yemeni, Afghani, Kurdistan, Indonesia, and Pakistan
- Knowledge that the child's sibling has undergone FGM
- Child talks about going abroad to be 'cut' or to prepare for marriage

Signs that may indicate a child has undergone FGM:

- Prolonged absence from school and other activities
- Behaviour change on return from a holiday abroad, such as being withdrawn and appearing subdued
- Bladder or menstrual problems
- Finding it difficult to sit still and looking uncomfortable
- Complaining about pain between the legs
- Mentioning something somebody did to them that they are not allowed to talk about
- Secretive behaviour, including isolating themselves from the group
- Reluctance to take part in physical activity
- Repeated urinal tract infection
- Disclosure

Forced Marriage

A forced marriage is a marriage in which one or both people do not (or in cases of people with learning disabilities cannot) consent to the marriage but are coerced into it. Coercion may include physical,

psychological, financial, sexual and emotional pressure. It may also involve physical or sexual violence and abuse.

Forced marriage is recognised in the UK as a form of violence against women and men, domestic/child abuse and a serious abuse of human rights. Since June 2014 forcing someone to marry has become a criminal offence in England and Wales under the Anti-Social Behaviour, Crime and Policing Act 2014.

A forced marriage is not the same as an arranged marriage which is common in many cultures. The families of both spouses take a leading role in arranging the marriage but the choice of whether to accept the arrangement remains with the prospective spouses.

School staff should never attempt to intervene directly as a school or through a third party. Contact should be made with the Children and Families Hub

One Chance Rule

All staff are aware of the 'One Chance' Rule' in relation to forced marriage, FGM and HBA. Staff recognise they may only have one chance' to speak to a child who is a potential victim and have just one chance to save a life.

The school are aware that if the victim is not offered support following disclosure that the 'One Chance' opportunity may be lost. Therefore, all staff are aware of their responsibilities and obligations when they become aware of potential forced marriage, FGM and HBV cases.

Racist Incidents

Our policy on racist incidents is set out separately and acknowledges that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures. We keep a record of racist incidents.

Radicalisation and Extremism

The Prevent Duty for England and Wales (2015) under section 26 of the Counterterrorism and Security Act 2015 places a duty on education and other children's services to have due regard to the need to prevent people from being drawn into terrorism.

Extremism is defined as 'vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs'. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas. *(Revised Prevent Duty Guidance for England and Wales 10 April 2019).*

Some children are at risk of being radicalised; adopting beliefs and engaging in activities which are harmful, criminal or dangerous. This can happen both online and offline.

The school is clear that exploitation of vulnerable children and radicalisation should be viewed as a safeguarding concern and follows the Department for Education guidance for schools and childcare providers on preventing children and young people from being drawn into terrorism.

The school seeks to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to Islamist ideology, or to Far Right / Neo Nazi / White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.

School staff receive training to help identify early signs of radicalisation and extremism.

Opportunities are provided in the curriculum to enable pupils to discuss issues of religion, ethnicity and culture and the school follows the DfE advice Promoting Fundamental British Values as part of SMSC (spiritual, moral, social and cultural education) in Schools (2014).

Governors, the Headteacher and the Designated Safeguarding Lead (DSL) will assess the level of risk within the school and put actions in place to reduce that risk. Risk assessment may include due diligence checks for external speakers and private hire of facilities, anti-bullying policy and other issues specific to the school's profile, community and philosophy.

When any member of staff has concerns that a pupil may be at risk of radicalisation or involvement in terrorism, they should speak with the DSL in the first instance.

They should then follow the safeguarding procedures and refer cases by e-mail to the Children and Families Hub. If the matter is urgent then Police must be contacted by dialling 999. In cases where further advice from the Police is sought dial 101 or contact the Anti-terrorism hotline on 0800 789 321

The Department for Education has also set up a dedicated telephone helpline for staff and governors to raise concerns around Prevent (020 7340 7264).

Indicators of vulnerability to radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.

Extremism is defined by the Crown Prosecution Service as:

- The demonstration of unacceptable behaviour by using any means or medium to express views which:
- Encourage, justify or glorify terrorist violence in furtherance of beliefs.
- Seek to provoke others to terrorist acts.
- Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
- Foster hatred which might lead to inter-community violence in the UK.

There is no such thing as a "typical extremist": those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.

Pupils may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff can recognise those vulnerabilities.

Indicators of vulnerability include:

- Identity Crisis – the student / pupil is distanced from their cultural / religious heritage and experiences discomfort about their place in society.
- Personal Crisis – the student / pupil may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;

- Personal Circumstances – migration; local community tensions; and events affecting the student / pupil’s country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy.
- Unmet Aspirations – the student / pupil may have perceptions of injustice or a feeling of failure,
- Experiences of Criminality – which may include involvement with criminal groups, imprisonment, and poor resettlement / reintegration.
- Special Educational Needs and Disability – students / pupils may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.

However, this list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism.

More critical risk factors could include:

- Being in contact with extremist recruiters.
- Accessing violent extremist websites, especially those with a social networking element.
- Possessing or accessing violent extremist literature.
- Using extremist narratives and a global ideology to explain personal disadvantage.
- Justifying the use of violence to solve societal issues.
- Joining or seeking to join extremist organisations; and
- Significant changes to appearance and / or behaviour.
- Experiencing a high level of social isolation resulting in issues of identity crisis and / or personal crisis.
